

# WALKER PLANS BLASTED BY COURT

## Dry Forces Sweep To Victory In New York Primaries

### ONE VICTORY IS CLAIMED BY BOURBONS

Three Contests Result in Renomination of Dry Incumbents, Revealed

#### LA FOLLETTE BEATEN

Old Guard Republicans in Wisconsin Regain Control in G. O. P. Primary

#### LBANY, N. Y., Sept. 21.—(UP)

Dry forces swept to victory over wet in virtually all New York state Republican congressional primary contests where prohibition was the issue.

One victory, however, was claimed by wets in the 40th district, where Walter G. Andrews, incumbent, defeated G. Barrett Rich and John A. Treuhart in a three-cornered fight.

Three contests resulted in renomination of dry incumbents who failed to heed the party's resubmission prohibition plank. In two other contests absolute prohibitionists and "moderate" dries fought close battles.

#### LA FOLLETTE BOYS LOSE IN WISCONSIN

MILWAUKEE, Wis., Sept. 21.—(UP)—The sons of Fighting Bob LaFollette who carried on after their father's death apparently have lost control of Wisconsin to old guard Republicans who have battled the LaFollette political dynasty for 32 years.

Thousands of Democratic voters who usually cast their ballots in the Republican primary in support of the LaFollette Republicans apparently caused the sensational upset in the Wisconsin Republican state of nominees.

Returns today from Tuesday's record smashing primary indicated that the 35-year-old governor of the state, Philip LaFollette, had lost his fight for renomination to Walter J. Kohler, former governor.

### NEGRO CANDIDATE IS UNDER ARREST

LOS ANGELES, Sept. 21.—(UP)—James W. Ford, negro candidate for the vice presidency of the United States on the communist ticket was under arrest today charged with violation of the criminal syndicalism act as the result of a demonstration and clash with police last night.

Refused the use of a hall, approximately 500 asserted communists staged a demonstration in the street, creating an alleged disturbance which resulted in a call for police reserves.

A clash resulted in which three officers were injured and required hospital treatment. Several others besides Ford were arrested.

#### FLAPPER FANNY SAYS

REG. U. S. PAT. OFF.

Why in the world should such winded arguments be called briefs?

### Modern Ships In Search For Treasure

LEWES, Del., Sept. 21.—(UP)—Lured by golden Spanish pieces of eight, two modern ships cruised today through the waters of the Delaware river off this little fishing village.

Trained navigators plotted angles and measured distances from old trees. Lookouts atop the masts of each boat surveyed the waters closely.

The boats, belonging to a Baltimore company, sought the resting place of his Britannic Majesty's sloop-of-war Debraak which went down May 31, 1798, carrying \$10,000,000 in Spanish gold.

### HOOVER NOT TO STUMP NATION; PLANS 3 TALKS

Will Deliver First Speech In Des Moines; May Go To Palo Alto

WASHINGTON, Sept. 21.—(UP)—President Hoover has won his fight against anxious Republican advisers who wanted him to make a country-wide speaking tour. He will make the first of three major speeches for re-election on October 4 at Des Moines, Ia.

The president has definitely and finally decided against stumping the nation in a belated personal appeal to the voters, political observers close to the chief executive are convinced.

The brief announcement of his Des Moines address said "the president will return immediately to Washington after his speech. He will make no other addresses on route. Time and place of other addresses have not yet been arranged.

The statement, issued by Chairman Everett Sanders of the Republican National committee, indicated he had taken the advice of Secretary of the Treasury Mills to hold to his original plan of three speeches. The president feels his job is here in Washington during the economic stress.

Rumors persisted that the president might yet decide at the last moment to hurry across the continent to his home in Palo Alto, Calif., to vote on Nov. 8. The reports, however, were denied at the White House.

(Continued on Page 2)

### CAPONE RELEASED TO ATTEND HEARING

ATLANTA, Ga., Sept. 21.—(UP)—Alphonse Capone, government guest at the Atlanta federal penitentiary, today left the prison for the first time since his arrival here to appear in federal court for a habeas corpus hearing filed by his attorneys.

Judge Marvin Underwood called a hearing immediately after the writ was granted. The action is based on grounds similar to those advanced without success by Capone in Chicago before he was brought here under guard to serve a 10-year sentence on conviction of a charge of income tax evasion.

Should the action be successful Capone could leave the prison a free man after approximately six months of his term had been served.

### MCADOO WILL MEET ROOSEVELT FRIDAY

SACRAMENTO, Calif., Sept. 21.—(UP)—William Gibbs McAdoo will be in Sacramento tomorrow to greet Gov. Franklin D. Roosevelt when the train carrying the Democratic presidential candidate stops here for an hour at 3:10 p. m., it was announced today.

McAdoo, who is traveling over the state in his own airplane in behalf of his candidacy for the United States senate, was to be here for the Democratic state central committee organization Saturday, and decided to advance his arrival in time to confer with Roosevelt.

The New York governor, according to present plans, will not leave the train, but will address a gathering at the railroad station from the rear platform.

# THOUSANDS OF FARMERS IN MIDWEST GO OUT ON STRIKE

### Gandhi May Compromise On Starving

Will Give His Final Answer to Committee at Meeting Friday

#### POONA, Bombay Presidency, India, Sept. 21.—(UP)

The Mahatma M. K. Gandhi considered a compromise today which may enable the "great soul" to conscientiously cancel his "fast unto death." He will give his final answer tomorrow.

The compromise was reached at a meeting of a sub-committee of the Hindu-Untouchable conference at Bombay and submitted to the Mahatma by his son, Devadas Gandhi, Sir Tej Bahadur Sapru, M. R. Jayakar and others who began a conference with Gandhi at Yerwada prison.

Details of the plan were not made public, but it was considered significant that it was accepted by the Untouchable leader, Dr. D. R. Ambedkar, graduate of Columbia university, who hitherto has violently opposed the Mahatma's creed.

Gandhi, imbued with the idea of universal brotherhood and the uplifting of the downtrodden millions of India, intends to starve himself to death in protest against the British plan to have the upper class Hindus and the lowest caste, the Untouchables, vote as separate communities and have separate legislative representation.

Gandhi contends such a system would tend to perpetuate the cleavage between classes and keep Hindu India divided. He therefore staked his frail body against the decision of the British government. He decided to take no food and to drink only water until he dies or a satisfactory settlement of the communal question is reached.

The committee postponed discussion of the German situation pending the German reply to a letter from Henderson asking Berlin to reconsider its withdrawal. The committee adjourned after a brief session.

### GOV. ROOSEVELT TO TALK IN PORTLAND

ABOARD ROOSEVELT SPECIAL EN ROUTE TO PORTLAND, Ore., Sept. 21.—(UP)—Gov. Franklin D. Roosevelt moved southward toward Portland today for a speech on water power and public utility regulation after a tumultuous welcome in Seattle where he advocated a "reciprocal tariff" to restore America's export trade.

This tariff, he said, will be a remedy for the high tariff wall set up about the United States by the Republican administration and resulting in retaliatory tariffs.

His Seattle address intended at first as a brief welcome to the crowds that packed the municipal auditorium, turned out to be, in the opinion of observers, one of the most important utterances of the tour thus far.

### WOULD HALT SALE OF M. W. D. BONDS

WASHINGTON, Sept. 21.—(UP)—Three Southern California property owners have filed suit in district supreme court to prevent the Reconstruction Finance Corporation from purchasing \$40,000,000 worth of bonds of the Metropolitan Water District of Southern California.

The bonds, issued for construction of the Colorado River aqueduct, are being purchased in the face of a formal notification from 7253 Long Beach, Calif., taxpayers that they will not be responsible for repaying them, the suit charged.

Long Beach may also withdraw from the water district if the R. F. C. buys the bonds, the court was told.

The property owners who filed suit are Ralph F. Burnham, Pasadena, and Ross Grant and Albert I. Smith of Los Angeles.

### BRIGHT SPOTS IN BUSINESS

CHICAGO—Freight loadings of the Wabash railway during the week ended Sept. 17 amounted to 11,572 cars, compared with 10,045 cars in the preceding week.

NEW YORK—Building contracts awarded in the metropolitan area in the first 15 days of September were valued at \$7,935,400, against \$6,545,000 in the first half of August, according to the F. W. Dodge Corp.

YOUNGSTOWN, O.—Current orders of the Republic Steel Corp. are running well ahead of August, it was reported.

KANSAS CITY, Mo.—August business of the Western-Greyhound, Inc., bus lines was 12 percent greater than in any of

the 16 previous months. Howard H. Morgan, vice president and general manager, said today.

PITTSBURGH, Kan.—Three Western Mining company shafts will reopen giving work to 1100 miners idle since July 1 if union men tomorrow accept a wage scale already agreed upon by their officials and company executives.

SPRINGFIELD, Mo.—Shops of the St. Louis-San Francisco Railway company here are operating at near capacity after having reached a low ebb in employment. H. L. Worman, vice-president in charge of operations, announced today. The force gradually has been increased the last few weeks until it is almost normal.

### SOVIET RUSSIA JOINS GERMANY AT ARMS MEET

Litvinoff Present During Committee Meeting But Takes No Part

GENEVA, Sept. 21.—(UP)—Soviet Russia joined Germany in a boycott of the world disarmament conference today when the steering committee convened without delegates of Germany, pending action on the Reich's demand for arms equality.

Chairman Arthur Henderson informed the committee of the Russian decision not to send representatives to the technical commissions until the conference "has taken decisions in principle promising real disarmament."

Maxim Litvinoff, Soviet foreign commissar, sat glumly hunched in his chair as Henderson made the announcement. Litvinoff's presence was taken to indicate that the Soviets will be represented in the general discussions.

The committee postponed discussion of the German situation pending the German reply to a letter from Henderson asking Berlin to reconsider its withdrawal. The committee adjourned after a brief session.

### LABOR HEADS TURN DOWN CONFERENCE

WASHINGTON, Sept. 21.—(UP)—The railway labor executives committee today unanimously rejected offers of railroad leaders for a joint conference on wages prior to the expiration on Feb. 1 of the present 10 per cent wage cut. The railroads had proposed negotiations for a 20 per cent cut to take effect Feb. 1.

In a letter to W. E. Thieshoff, general manager of the Chicago, Burlington & Quincy railroad, A. F. Whitney, chairman of the labor committee, notified the rail heads of the committee's flat refusal to meet with them.

### ALL ISSUES ON STOCK MARKET RUSH SKYWARD

More Than 4,000,000 Shares Change Hands As Tickers Fall Behind

NEW YORK, Sept. 21.—(UP)—All markets roared upward today.

Stocks soared 1 to more than 10 points; bonds, 1 to 5 points; curb stocks, 1 to 17 points; bank stocks, 1 to 15; wheat, 2 1-2 to 2 5-8 cents a bushel; cotton, more than \$2 a bale. Coffee, wool, silk, rubber and silver also were higher.

Trading in the share market began at a fast clip with blocks of 100 to 6000 shares appearing. Tickers fell behind then and at intervals during the day. Volume expanded from the recent million share pace to around 4,000,000 shares, or the largest since September 13 when 5,100,000 shares were transacted.

Before the New York opening, the London and Paris markets

(Continued on Page 2)

### HONEYMOON TRIPS HALTED BY POLICE

RENO, Nev., Sept. 21.—(UP)—Honeymoon trips of two Fresno couples were delayed today because police asserted one of the young grooms gave bad checks in payment for the license and to Methodist minister Robert C. Ritter who performed the ceremonies.

One of the couples, Howard Shelley, of 4413 Iowa avenue and Fredrick Keon of 619 North Third street, Fresno, was detained in jail along with Rosalie Adolph, who married Jimmy Bronson, alias Jimmy Massey, of 1312 Weldon avenue, Fresno.

Police were searching for Bronson who allegedly passed the bad checks. He was missing when police arrested the other three. His bride said she did not know where he could be found.

The 31 year old pioneer woman died Tuesday. At her bedside in the Garner home were the vice-presidential nominee of the Democratic party, his brothers, Jesse and Jolly, and his sisters, Mrs. Maude Blair and Mrs. John Wright.

Simple services were held.

### Violence Is Frowned On By Leaders

All Non-Perishable Goods Will Be Withheld Until Prices Advance

DES MOINES, Sept. 21.—(UP)—A widespread farm strike, characterized by its leaders as the "last resort" of thousands of farmers whose lands are being sold for taxes to satisfy unpaid mortgages, began in the midwest today.

The strike was designed to raise the price of livestock and grain to the "cost of production." The strike does not restrict perishable farm products. The National Farm Holiday association hopes to avoid violence by discouraging picketing.

It was problematical whether the movement would materially affect markets. Supporters were enthusiastic, however, foreseeing the strike's spread throughout the country, binding together thousands of farmers.

The new organization is the National Holiday association, and Glenn B. Miller, president of the Iowa Farmers' union, pointed out that this association, if the strike is successful, may take its place with the big co-operative marketing agencies in the country. If prices go up, Miller said, the association must be maintained to control the flow to market of the surplus that has accumulated during the holiday period.

Opponents of the strike are many, but generally are cautious about unfavorable predictions. Their general attitude is that only a minority of the farmers approve the strike method of gaining relief and hence the cause is hopeless.

As now constituted, the farm holiday is framed according to plans outlined at a conference of midwestern governors in Sioux City two weeks ago. The executives refused to declare an official embargo on farm products and told the holiday leaders that a "voluntary holding movement" would serve the same purpose.

Subsequently the Holiday association adopted a resolution condemning the use of force.

It was a question, though, whether their condemnation would keep the highways clear of the telephone poles and barbed wire entanglements which have been set up in the past to discourage marketing at prevailing prices. The Holiday association permits the stationing of "observers" on highways leading to market. These "observers" are instructed to obtain the names of all farmers violating the strike principle.

### GARNER'S MOTHER IS LAID TO REST

DETROIT, Tex., Sept. 21.—(UP)—In a little cemetery at the edge of this town where she lived so many years, Mrs. Sarah Jane Garner, mother of John Nance Garner, was buried today.

The 81 year old pioneer woman died Tuesday. At her bedside in the Garner home were the vice-presidential nominee of the Democratic party, his brothers, Jesse and Jolly, and his sisters, Mrs. Maude Blair and Mrs. John Wright.

Simple services were held.

### OKLAHOMA FIELDS UNDER MARTIAL LAW

OKLAHOMA CITY, Sept. 21.—(UP)—Fighting back at insurrection in the Oklahoma City oil field against the military oil curb, Gov. W. H. (Alfalfa Bill) Murray today blanketed every foot of ground in the field with martial law decrees with the exception of actual residences.

Any attempt of oil field workers, lawyers or anyone else to interfere with the military occupation will be halted by armed troops, the governor warned.

### Fire Fighters Cut Way Out During Blaze

SANTA BARBARA, Sept. 21.—(UP)—How a group of 18 fire fighters, their clothes smoking from the heat, cut their way through flaming brush to escape a flareup of the recently controlled fire in Santa Barbara National forest was told today.

J. A. Morrow of Santa Barbara related the narrow escape of himself and 17 companions upon their return from Juncal reservoir, where they found safety after having been surrounded by flames for 140 hours.

The fire fighters were encamped six miles above the reservoir.

### WITNESS AIDS SENATOR DAVIS DURING TRIAL

Declares Moose Chief Always Insisted on Good Clean Entertainment

NEW YORK, Sept. 21.—(UP)—The Loyal Order of Moose always needed funds for its charitable work and, witnesses said today, its supreme dictator, United States Senator James J. Davis, advocated "good, clean, wholesome entertainment" to raise them.

This was brought out in federal court where Davis is on trial charged with violation of federal statutes pertaining to lotteries. The

(Continued on Page 2)

### MILLETTE INQUEST TO BE HELD TODAY

SACRAMENTO, Calif., Sept. 21.—(UP)—A routine inquest, with the principal witnesses consisting of a river steamer deckhand and a passenger, was to be held by the coroner's office today into the suicide of Dorothy Millette, asserted common-law wife of the late Paul Bern of Hollywood.

The deckhand is J. Lee and the passenger is H. L. Karkrick of Walnut Grove, Edward Sullivan, San Francisco hotel clerk who identified the body a week ago, will not be present.

The chief witnesses will testify as to the woman's nervous condition a few hours before she jumped into the Sacramento river from the steamer deck.

### HIGH SCHOOL BOY KILLS HIS FATHER

REDWOOD CITY, Calif., Sept. 21.—(UP)—Edward Warren Cleveland, 16-year old high school boy who shot and killed his stepfather, today awaited official action which may clear him of any criminal charges.

A coroner's jury exonerated him of criminal intent, finding that the youth shot William Lauterback of Menlo Park to save his mother, Mrs. Mary Lauterback, from injury. It was testified that the stepfather was in a drunken rage when the youth shot him.

The boy's case will be placed before Juvenile Judge Franklin Swart Thursday with a recommendation against criminal action.

### TWO MARINE CORPS FLIERS ARE KILLED

SAN DIEGO, Sept. 21.—(UP)—Two marine corps fliers were killed when their land plane plunged into the sea five miles off Point Loma, officials of the West Coast Expeditionary force at North Island announced today.

The dead were reported to be: First Lieut. Donald G. Willis, 477 G avenue, Coronado, the pilot. Frank H. Reynolds, enlisted man.

The plane was flying from the aircraft carrier Lexington when its motor stalled and it dropped into the ocean from an altitude of about 400 feet shortly after noon Tuesday.

### CANNOT HOLD MAYOR VOTE UNTIL 1933

Resigned Official Cannot Seek Re-Election This Fall Is Court's Ruling

#### McKEE RETAINS POST

Tammany Cause Weakened By Decision of Supreme Court, Observers Say

NEW YORK, Sept. 21.—(UP)—The hopes of James J. Walker, resigned mayor of New York, to run for reelection in November on a "vindication" platform, collapsed today.

Supreme Court Justice John E. McKeen rendered a decision blasting the plans of Walker, in which he was believed to have the support of Tammany Hall, and establishing his successor, Joseph V. McKee in the mayor's office until December 31, 1933.

McKeen granted a writ of mandamus prohibiting the board of elections from holding an election in November.

At the same time he denied an application of the Tammany law committee for a writ to compel the board to hold the election.

McKeen's decision will be appealed. The appeals must be settled by October 15, which is the last day for the filing of petitions for the November general election.

The decision was far reaching. It strengthened McKee. It weakened the Tammany cause if the hall persists in its plan to support Walker, most political observers believed. They also said that the longer Walker was forced to wait to seek "vindication" at the polls the less his chance of winning.

Walker resigned while on trial before Governor Franklin D. Roosevelt. He said Roosevelt was not giving him a fair trial.

McKeen's decision was long and scholarly. He announced grimly that he had worked until 3 a. m. writing it.

### PACIFIC FLEET IN SAN FRANCISCO BAY

SAN FRANCISCO, Sept. 21.—(UP)—San Francisco bay became headquarters of the Pacific fleet today as 44 of the nation's fighting ships, carrying 17,000 men, began arriving for a 12-day stay.

Headed by 27 destroyers, the ships began coming through Golden Gate this morning, to be followed during the day by four light cruisers, eight battleships, two submarines, one submarine tender, three destroyer tenders, an aircraft carrier and a rescue ship.

### WILL ROGERS SAYS:

BEVERLY HILLS, Sept. 21.—(To the Editor of The Register:) Say, I got a whole new slant on this election racket today. I run into a Republican. You see, on account of my low social standing I haven't been able to meet anybody but Democrats. But this Republican tells and shows me where this thing is going to be a real race. The windy Democrats had led me to believe that the thing was going by default.

Mr. Hoover made a move yesterday, that if I had been one of his advisers I would never have let him make it. He wants "to put more orators in the field." I think and hope that it was typographical error. It should read "we want more orators under the field."

As I told you all before, I seem to be the only person in America that has no idea who will win this election, but I do know one thing, it will be the side with the fewest "orators."

Yes, or even speakers.  
Yours,  
WILL ROGERS.

## ASSERTS DRY FORCES MUST GET OUT VOTE

Defeat awaits prohibition workers at the forthcoming election, with repeal of the Eighteenth amendment certain to follow within the next 12 months—unless dry forces register a 100 per cent predicted Pearl Kendall Hess, state temperance instructor for the W. C. T. U. at the Temperance Rally and Pageant held in the First Baptist church here last night.

Mrs. Hess' statement was based upon information received at a meeting of the state W. C. T. U. strategy board Monday evening, she said.

Staged by Miss Dorothy May Hoffman and Miss Mabel Jean Brown, Ohio girls traveling the country in the interests of prohibition, last night's presentation was calculated to provide onlookers with ammunition for a dry offensive in the event of intervening before the election.

Trained in song and doggerel of appropriate sentiment, voices of Santa Ana children, recruited for the pageant, were literally raised in protest against liquor and its attendant evils during the early phases of the program.

With young Neal Snipes, ruler as King Temperance over a kingdom peopled by children, various Santa Ana youngsters represented such classifications as the American Home, the American Mother, the American Child, Women's clubs, Business Men, etc. in brief summaries of their respective causes against drink.

**Rely On Facts**

Presented with lucidity and force, Miss Hoffman's appeal to the youth of the country and to temperance sympathizers of every age was an urgent request that both the dubious and the convinced be guided by fact rather than propaganda in building their campaigns for the coming election. Of factional information Miss Hoffman herself claimed a large share, owing to two years' work among both wetts and dries collecting material for the book, "Which Way?" written by herself and her brother, Ralph Lockwood Harmon.

In working for temperance and total abstinence, Miss Hoffman explained that dry campaigners were striving to prevent the return of the saloon, the most obvious method by which liquor might be secured, and expressed the definite opinion that prohibition offered the best possible method of enforcement.

In defense of her stand, Miss Hoffman cited the following arguments:

**Gives Arguments**

That of the three substitutes proposed, state control and the Canadian system already have proven unsuccessful; and that government dispensaries would merely transfer the profit, while retaining the evils of the old saloon;

That there can be no "moderate drinking," as argued, because alcohol is a habit-forming drug;

That the Eighteenth amendment,

already responsible for decreased drinking, would become entirely successful in its application if given the same amount of time for adjustment as has been given the other amendments.

That there can be no comparison between the amount of drinking in colleges and among girls today, and that which existed before prohibition;

That less drinking may be found in this country than in any country having no restrictive laws.

The pageant followed several orchestra numbers.

Prior to Miss Hoffman's introduction, Miss Brown, conductor of the pageant, offered two readings, "Tom Sawyer's Love Affair," and "Killing the Dragon" by Kathleen Norris, the latter embodying a charge on American mothers and fathers to accept the responsibility of killing the dragon, drink.

**Gives Book**

On behalf of the Santa Ana W. C. T. U. Miss Brown presented to the Santa Ana high school a copy of the book, "Which Way?" and suggested the possibility of another copy being placed on the shelves of the local library.

Mrs. T. L. Warren, state W. C. T. U. corresponding secretary, expressed thanks to the Misses Brown and Hoffman for their work on the pageant. The Rev. Harry Evan Owens, pastor of the church, pronounced the benediction.

**Held to Answer FOR KNIFE ATTACK**

Santa Ana children participating in the pageant were Neal Snipes, as king; and the following, assigned speaking parts: Mildred and Ruth Lockett; Rosemary Harp, Cora Lee Ferguson, Billy Cray, Abbie Jean Dickson, Betty Jane Henson and Billy Whisenand, all of this city, and Lenora Marchant of Tustin.

Others taking part were Mary Frances Dickson, Patricia Rankin and Cecelia Earl, Santa Ana.

Charged with assault with a deadly weapon, Jose Perez, Santa Ana Mexican, was held to answer to the superior court at the conclusion of his preliminary examination before Justice Kenneth Morrison yesterday. Bail of \$2500 was demanded which he did not make.

Perez is the man, who "just for a thrill" entered the home of William Dunlap here several days ago and was poised over Dunlap's bed with a knife in his hand when Dunlap suddenly awakened. Jumped up and battled with the intruder, according to police reports.

Perez is alleged to have declared he did not know Dunlap.

**Vaudeville For Breakfast Club**

Members and guests of the Santa Ana Breakfast club will be entertained by a group of vaudeville specialty dances arranged for presentation before the club by Larry Goux, manager of the Fox West Coast theater, at the regular meeting to be held tomorrow morning in Ketter's cafe, it was announced today.

## TESTIMONY IN \$31,148 SUIT IS COMPLETED

The \$31,148.55 damage suit of C. J. Shultz and his two sons and daughters against Theo. Winbigger, his son, Ernest Winbigger and Leonard Baker, their employee in the Winbigger Funeral Home is expected to go to the jury early this afternoon. Shultz and his children are seeking damages for the death of Mrs. Margaret Shultz, wife and mother of the plaintiffs and for injuries to Shultz in an automobile crash last November.

Plaintiffs are demanding \$20,552 for the death of Mrs. Shultz and \$10,596.55 for Shultz's injuries. The crash occurred at the intersection of Eighth and Baker streets. Both Mr. and Mrs. Shultz were injured and taken to the hospital where Mrs. Shultz succumbed a few days later.

Called to the witness stand as the complaining witness yesterday Shultz admitted, under cross-examination that he had taken a drink of brandy less than an hour before the crash and according to the testimony of Frank Sawyer, garage man who cleared away the wreckage after the crash, a small quantity of liquor in a bottle was found in the Shultz automobile after the crash.

A number of empty bottles found in the automobile after the accident were explained by Shultz who said that he is janitor at the city hall and that bottles emptied by the police department upon conclusion of cases in which they were used as evidence were taken home by him.

He also testified that at the time of the crash his wife was reading a letter to him and that he looked up just in time to see the automobile driven by Baker approaching him.

Following a brief recess taken during the course of the trial yesterday Superior Judge James L. Allen instructed the jury to take no cognizance of any evidence not offered in the courtroom and to ignore incidents that had arisen or might arise during recesses.

Attorney William Webb, representing the plaintiff completed the preliminary argument to the jury this morning and Stanley Reinhouse completed for the defense just prior to the noon recess. Arguments by Fred Forgy, defense attorney and Webb will send the case to the jury early this afternoon. Judge Allen read his instructions to the jury before opening of arguments by the attorneys.

**CONDITION CRITICAL**

The condition of James Wesley McClelland, 28, Long Beach man, seriously hurt last Saturday night when his car overturned at Orana, was reported unchanged at Orana, Orange county hospital at noon today. A broken vertebra has paralyzed McClelland from the waist down, and his condition is reported as critical.

## Police News

Mary Beerra, 19, Garden Grove woman, was lodged in the county jail last night by Orange police officers. She is charged with petty theft.

Florencio Rodarte, 32, Fullerton laborer, was brought to the county jail yesterday afternoon by Fullerton police officers who booked him on a reckless driving charge. The man was sentenced to serve 25 days or pay a fine of \$50.

## WITNESS AIDS SENATOR DAVIS DURING TRIAL

(Continued from Page 1)

government sought to show that Davis' "wholesome entertainment" was a lottery.

Malcolm R. Giles, Moose supreme secretary and controller of its 1700 lodges, recalled the Moose 1929 convention. The minutes were read to show Davis made a speech in which he said that "Brother Theodore Miller will show the lodges how to raise money through good clean, wholesome entertainment."

Miller, head of the Moose propagation department, was one of the six others indicted with Davis. They are to be tried later.

"Did Senator Davis ever talk to you about his objections to gambling as a means of fund-raising?" Charles H. Tuttle, chief of defense counsel asked Giles.

"Always," he replied, adding that Davis was particularly opposed to the "punch-board" method.

"Was Senator Davis' attitude regarding gambling for fund-raising well known?" Tuttle asked.

"It was."

## HOOVER NOT TO STUMP NATION: PLANS 3 TALKS

(Continued from Page 1)

The selection of Des Moines was regarded as a strategic move—one designed to placate the east and far west by selecting a neutral point at which to begin his fight.

Furthermore, Des Moines is not only regarded as neutral ground, but in a sense, but is not far from West Branch, Ia., where the president was born. It has, therefore, something of sentiment to back its selection as the spot for him to open his appeal for support.

It was conceded his address would touch on farm problems. Persons close to the president insisted that it would not be altogether a "farm speech," but that the chief executive would discuss broadly the economic problems facing the nation.

Vice President Charles Curtis left for speaking engagements in Tennessee, Oklahoma, West Virginia and Kentucky. Tonight he speaks in Knoxville, Tenn. Later he may go to the Pacific coast.

Secretary of the Treasury Mills and Secretary of War Hurley likewise are leaving for speaking engagements in Detroit and Chicago, respectively.

## ARSON CASE TRIAL OPENS HERE TODAY

Scheduled for trial this morning in department one, superior court, the case of Henry Eli and John Rose, accused of arson, was continued until 1:30 p. m. today and a special jury venire ordered for that time. This action was made necessary when the regular venire was proven insufficient from which to draw a jury.

Eli and Rose are accused of burning an apartment house in Huntington Beach, which, at the time of the fire, was leased to Jesse Sibley. According to testimony at the preliminary hearing of the two men, an explosion preceded the fire which destroyed the building.

**New Speed Cop Added to Force**

Captain Henry Meehan, head of the Orange county squad of California Highway Patrolmen, is handing out cigars this afternoon. Captain Meehan always hands out cigars but today he has a real reason for this morning at the Santa Ana Valley hospital he became a "papa" for the second time. It's a boy and both the mother and the young "speeder chaser" are doing well.

**Y Program at J. C. Monday Evening**

An evening of fun, fellowship and inspiration to include pep songs, solo numbers and a speaker is the program planned for the first Y. M. C. A. meeting at the Santa Ana Junior college to be held Monday evening at 8:30 o'clock in the jaycee cafeteria, according to Morris Singer, jaycee Y. M. president. Singer stated that every man on the campus is invited, especially foreign students and freshmen.

## ALL ISSUES ON STOCK MARKET RUSH SKYWARD

(Continued from Page 1)

were strong and active. Their rise was predicated to some extent on the recovery here yesterday and the continuation of the rise on the coast after the New York markets closed.

Steel shares were the features today. Pressure lifted from Steel Preferred in the early trading and it went up more than 10 points. Better reports from the steel industry and revision of the percent estimates that the steel corporation would eliminate the preferred dividend were factors in the rise. Steel Common was up more than 6 points.

A long list of industrial issues rose 5 or 6 points and a few made wider gains. Short covering provided much of the impetus.

Case shot up more than 9 points with the spirited recovery in wheat. Auburn soared more than 8 points to head an active automobile group.

Chrysler was the active favorite in the automobile division. It rose more than 2 points. General Electric rose more than 2 in the electrical equipment division where Westinghouse Electric gained 4 points. Douglas Aircraft made a new high for the year at 18 1/2 up 2 1/8, following the lead set by United Aircraft.

Tobacco shares experienced one of their best sessions for that group this year.

Railroad shares furnished a group feature throughout the day. Lackawanna and Union Pacific gained more than 6 points each; Atchafalpa and Norfolk & Western more than 5 each; New York Central 4 and Southern Pacific and Pennsylvania more than 2 each.

American Telephone crossed 115 for a gain above 7 points. Consolidated Gas rose nearly 4 points and other utilities were strong.

According to preliminary calculation, the Dow Jones & Co. industrial average stood at 75.16, up 7.67 points, railroad 35.13, up 2.65 and utility 23.01, up 2.52.

## DRY FORCES IN N. Y. STATE WIN GREAT VICTORY

(Continued from Page 1)

nor; and that Senator John J. Elmer, had been defeated by a fiery young Ashland editor, John B. Chapple.

The upset was so general, as result of the Democrats voting in their own primary instead of in the Republican primary, that only one LaFollette Republican candidate appeared to be winning.

The result, the Democrats freely predicted, would be that the losers in the Republican primary would support their own ticket from president down in the November election.

Returns from 1966 of the state's 2900 precincts for the Republican nomination for governor were as follows: Kohler, 258,014; La Follette, 203,123.

Returns from 1173 precincts for the Republican nomination for United States senate gave Chapple 212,296, and Blane 192,589.

Gov. Kohler issued a statement early today claiming victory and thanking citizens for their support. Gov. LaFollette was secluded at his farm home near Madison and refused to answer any calls. Other Progressive leaders would not comment.

**BOSTON PRIMARIES**

BOSTON, Sept. 21.—(UP)—Lieutenant-Governor William S. Youngman, apparently assured of victory, was leading his nearest opponent, Chairman Frank A. Goodwin of the Boston finance commission, more than 6 to 5, in the four cornered contest for the Republican gubernatorial nomination early today.

Senate President Gaspar G. Bacon, wealthy young Bostonian, held a safe 3-2 margin over Executive Councillor Chester I. Campbell of Quincy in the contest for the Republican nomination for lieutenant-governor.

**Democrats Make Gains In Tally Of Straw Votes**

The weekly tally of the straw vote being taken at the Green Cat cafe, made today, shows that some gains are being recorded by the local Democratic candidates in their races. Republican candidates on the local tickets continue to maintain comfortable leads, especially James Utt, who is leading the ticket.

The new tally shows that Tubbs took a two-point lead over Shuler, with McAdoo out in front. Governor Roosevelt continues to run far ahead of President Hoover.

**President—County today. Tot.**

Hoover . . . . . 25 103  
Roosevelt . . . . . 44 193

## Man's Arms and Legs Broken In Motor Accident

W. J. Jamison, 64, who said he had no home, was seriously injured this morning in an automobile crash, east of La Habra on the Whittier boulevard, according to the Orange county hospital.

No details of the crash have been filed with police officers here.

According to the story told at the hospital by Jamison, he was walking along the road when a man in a car stopped to give him a ride. Soon after he got in the car, the machine crashed with another car, driven by a woman, the car in which Jamison was riding overturning.

Jamison suffered serious cuts and bruises, both legs were broken and both wrists were broken.

## SEPTEMBER 29 LAST DAY TO BE REGISTERED

Persons in Orange county who have not yet registered for the November election are reminded by County Clerk J. M. Backs that they must be registered by midnight September 29 if they expect to vote at the general election on November 8.

Backs said that persons who have registered since January 1, last, and have not changed their address since then are qualified to vote. A move necessitates a new registration.

Under the new permanent registration law anyone who has registered since January 1 must vote on one of the three elections this year, two of which have already been held, or their registration will be automatically cancelled.

Should registration be cancelled through failure to vote it will be necessary to re-register.

Backs said yesterday that he believes the total registration of 58,468, established for Orange county before the primary election August 30, will be increased to approximately 60,000 before the general election.

Deputy registrars of voters are stationed through the county, in the various communities and registrations are being received at the office of the county clerk.

**MEXICANS BOUND OVER**

Albert Moreno and Henry Camerillo, Delhi Mexicans were held to answer to the superior court on a statutory charge, from Justice Kenneth Morrison's court yesterday afternoon. Both were placed under bail of \$8000 each, which they did not make. The men are alleged to have mistreated a Delhi girl.

**James Bart Jackson, Santa Ana man, found guilty on a charge of possession of liquor, yesterday made bail of \$500 pending an appeal he has taken in his case.**

He was tried several weeks ago, pronouncement of sentence being postponed at that time when his attorneys asked for a new trial. Several delays followed and yesterday Judge J. G. Mitchell, before whom the case was heard, denied a new trial. Then the case

## SUPERVISORS APPROVE AUTO FOR INSPECTOR

Supervisors yesterday experienced what was said to be one of the highest business meetings in the history of the present board. After reading of the minutes of the previous meeting, reading of communications and signing of warrants, members of the board remained in their office during the morning and afternoon sessions waiting for something to happen.

A resolution correcting the tax rate for the city of Fullerton was adopted. The county collects the taxes for the city of Fullerton along with several other communities in the county. At the time the preliminary estimate of the city budget was turned in to the supervisors, trustees of the city of Fullerton had fixed the tax rate at \$2.08 and that amount was included in the budget. When the ordinance fixing the tax rate was adopted the rate had been scaled down, through additional economies, to \$2 making yesterday's action necessary to clear the county record.

J. E. Gatewood was granted a permit to operate a pool hall at Atwood upon recommendation of the district attorney and sheriff. County Purchasing Agent F. W. Slabough was instructed to purchase an automobile for the use of the meat inspector. The purchase price is not to exceed \$650. Purchase of a machine was ordered as an economy measure it was said, as it was estimated that it would be cheaper for the county to own and maintain the inspector's automobile than to allow him four and one-half cents per mile for operation of his own machine.

A letter from Mrs. Michael J. Dowling thanking the board for its share in entertaining members of the National Editorial Association while in California was read. Mrs. Dowling is from Olivia, Minn., and praised the generous and hospitable greeting extended delegates to the association's convention while in Orange county.

**DEWIES NEW TRIAL IN LIQUOR CASE**

James Bart Jackson, Santa Ana man, found guilty on a charge of possession of liquor, yesterday made bail of \$500 pending an appeal he has taken in his case.

He was tried several weeks ago, pronouncement of sentence being postponed at that time when his attorneys asked for a new trial. Several delays followed and yesterday Judge J. G. Mitchell, before whom the case was heard, denied a new trial. Then the case

**Think of the satisfaction that is yours when you wear a Stetson.**

## BIRTHS

MEEHAN—To Capt. and Mrs. Henry C. Meehan, 153 Pepper street, Orange, at Santa Ana Valley hospital, Wednesday, Sept. 21, 1932, a son.

## Death Notices

### A WORD OF COMFORT

Your dear one sees the Master face to face. And the joy of leaving all doubts behind, realizing that your hopes and dreams are being fulfilled, and that your victory has been won! To hear His voice "well done," and to see approval in His eyes, is worth a life and a death.

McKITTICK—In Santa Ana, September 20, 1932, Samuel E. McKittick, of 108 East Twentieth street, aged 59 years. He is survived by his wife, Mrs. Isabel McKittick; two sons, Ralph McKittick, of Edwardsville, Illinois; Homer McKittick, of Santa Ana; a step son, Monte Bauer, of Los Angeles; two sisters, Mrs. Belle Scheer of Calgary, Canada, and Mrs. G. L. Martin of New Orleans, and a brother, Charles McKittick, of Detroit, Mich. Services will be held from the Winbiger Funeral home, 609 North Main street, Thursday, September 22, at 2 p. m., the Rev. George A. Warner, pastor of the First Methodist church officiating. Interment in Fairhaven cemetery.

## OFFICERS SAY DETROIT GANG INVOLVED HERE

With the arrest of Mike Kovich in Riverside county yesterday, federal authorities today expressed the belief that the bogus money passers who victimized a large number of Southern merchants, including seven at Laguna Beach and the same number at Newport Beach, over the week end, were part of a national organization operating out of Detroit.

Kovich's arrest was made after Bob Kalinini, 40, and a woman who gave the name of Miss Rose G. Vucenick, had been taken into custody in Corona by Corona officers.

A widespread search is now under way for a fourth member of the asserted gang. Lavo Govich, said to be the husband of Rose G. Vucenick.

Lavo Govich was in Corona at the time his wife and Kalinini were, but managed to escape officers and made his way to Whittier, where he left a note at the home of Mr. and Mrs. Steve Brankov, stating that his wife, who is Brankov's sister, was in trouble in Corona over a bootlegging deal and asking them to go to her aid. Mr. and Mrs. Brankov went to Corona and were questioned by Chief of Police Garner.

### Find Merchandise

William Ash, head of the federal secret service in Southern California; Sheriff Carl Rayburn of Riverside county and Chief of Police Garner visited the home of Lavo Govich near Victorville yesterday and found two young children of Mr. and Mrs. Kovich there. The house was filled with merchandise.

## M. W. D. PLANS HEARING ON WAGE SCALE

An open hearing at which all interested individuals or groups can express themselves on the wage scale to be adopted by the Metropolitan Water District board of directors, will be held in the district headquarters in Los Angeles Friday at 2 p. m., it was learned today following a meeting of the board of directors held yesterday afternoon.

The wage scale question is considered one of the most important steps the district must take, for it will effect the ultimate construction cost of the project to bring water to Santa Ana and other cities of the district from the Colorado river.

The engineering committee of the directors of the district has gathered data on prevailing wages, but wishes to hold the hearing so that all interested may express their views. It was stated.

With the wage scale established, the district will be ready with its specifications, and bids on the work can be called. It is expected that such bids will have to be advertised for about a month or six weeks.

In the meantime, the district has enough money to continue preliminary field work such as detail surveys, prospecting and some road work, it was announced.

Although the assurance of a loan from the Reconstruction Finance Corporation will make possible the beginning of the work on the aqueduct much sooner than was expected, some weeks must elapse before actual construction work can be started.

### PLEADS NOT GUILTY

Lucy Vargas, of 1801 West Second street, arrested several days ago on a charge of possession of liquor, after Santa Ana police officers raided her home, pleaded not guilty to the charge in the city police court yesterday. Bail of \$100 was demanded and her case was set for September 29, at 10 a. m. She asked for a jury trial.

## Schedule Public Speaking Class Opening Oct. 4

The fall class in public speaking will be started at the Y. M. C. A. on Tuesday evening, October 4, it was announced today by Secretary R. C. Smedley, who will have charge of the class.

More than half the places in the class have already been reserved, Smedley states, and he expects to have a class on unusual quality and ability to start off in the term of 10 weeks which will constitute the course.

Other educational features which will be offered by the Y. M. C. A. this fall include a short course on citizenship and parliamentary practice, and leadership training courses for leaders of groups of boys and young men. Dates and details of these projects will be announced shortly.

## Local Briefs

Dorothy Kolbe, daughter of Ed Kolbe, clerk in department two, superior court, is recovering from injuries received last Saturday when she fell from a tree in the yard of her home at 304 Garfield street. Little Miss Kolbe broke her collarbone and received several painful bruises when she fell.

## NEW OFFICERS FOR LEGION TO BE INSTALLED

A joint meeting of the Santa Ana American Legion post No. 131 and its auxiliary will be held tomorrow night at the Legion home on Birch street, at which time newly elected officers for both groups will be officially installed.

Herbert Gray, commander of the twenty-first district of the Legion will be here to act as installation officer. Following the installation refreshments will be served and a card game will be the order of the evening.

New Legion officials who will be installed are: commander, J. B. Tucker; first vice commander, Harold Brown; second vice commander, Robert Sandon; adjutant, Art Ecklund; sergeant-at-arms, Peter Van Dam; chaplain, Theo. Bolte.

## Fall Season Officially Arrives Today

Fall made its official entry today, quietly and neatly dividing daylight and darkness into halves and ushering in the usual activities which are to follow in its wake, such as fall suits, fall hats, fall parties and fall weddings.

If the fall of 1932 marks, as it promises to do, the fall of old man Depression everyone including fall guys will rejoice that its promise proved no fallacy.

This endorsement, according to S. T. Montgomery, executive secretary of the board, was unanimous and given in special session of the board which was held Monday.

McKinney campaigned for the nomination on a strictly prohibition platform, regardless of the party platform and announced in the recent state convention that he intended to continue his campaign for the general election in November along the same line.

Meeting in special session last night the Riverside County Prohibition Board of Strategy also unanimously endorsed McKinney, according to word he received today. Similar action was taken before the primary election by the Orange County strategy board.

Auxiliary officers are to be installed by Mrs. Grover Fultz, past president of the fifth area.

CHURCH QUESTION BOX

BREA, Sept. 21.—The Rev. B. H. Blanche of the Brea Baptist church at his Wednesday evening service has adopted the plan of having a question box, which occupies a portion of the service and is said to be proving of considerable interest as vital questions of the day are discussed.

## BISHOP BAKER TO BE HONOR GUEST

Bishop James Chamberlain Baker, who is in charge of the San Francisco Episcopal area, will be guest of honor of Orange county Methodists tonight at a banquet reception to be held in the First Methodist church here.

Coming recently from foreign service in Korea and other Oriental points, the new bishop will be introduced to his lay and ministerial officials of Orange county by Dr. James Allen Geissinger

district superintendent of the San Diego district. In addition to the official guests, the membership and constituency of the numerous Methodist churches in the county will be well represented, according to Dr. George A. Warner, pastor-host, who announced that reservations indicate a capacity crowd.

The meeting tonight is arranged as a social gathering. Announcement will be made tonight concerning group rallies of Methodist church members in the county.

### AFTER SIX YEARS

WEATHERFORD, Tex.—Church does a lot of good for some people. It caused one man, who recently joined here, to admit the theft of a trunk six years ago.

## Pinched Nerves

May Be Causing Your Trouble

Every organ in the body is dependent upon an adequate supply of nervous energy that it may function properly. If the steady flow of this great vital force is hindered, trouble is bound to follow. Seven out of ten cases of sickness are due to this fault. Drugs or operations cannot remove this defect, which Chiropractic alone can accomplish. Come and see with your own eyes the cause of your trouble. We will point the road to health without drugs or knife. Don't give up. We have aided thousands. There is nothing in the least embarrassing about either our examination or our method of administering Chiropractic. Our staff is composed of Palmer Graduates exclusively. Remember, this X-Ray is Positively Free.

## ADVANCE GIFTS COMMITTEE OF COMMUNITY CHEST WILL START CANVASS NEXT TUESDAY

The first major department in the Community Chest fund appeal for \$53,000 will go into the field next Tuesday morning, September 27, when the Advance Gifts committee will start its solicitation of large givers to welfare and relief activities, W. J. Tway, Chest president and campaign chairman, reported today.

## G. O. P. CLUB TO MEET THURSDAY AT FULLERTON

Orange county's Young Men's Republican club members will host tomorrow night to all Republicans of the county at a dinner to be held at McFarland's cafe, Fullerton at 7 o'clock. Arrangements for the dinner are being directed by Homer Chaney, president of the organization, and Lloyd Banks, secretary. E. M. Sundquist is in charge of the program.

This meeting is open to both men and women regardless of whether or not they are members of the organization. The fact that Dr. Walter Dexter, president of Whittier college, is to be the principal speaker, is expected to attract an unusually large attendance. Because of the crowd expected, those planning to attend are urged to notify Chaney, Banks or Sundquist as soon as possible. Seats will be available after the dinner for those desiring to hear the talks.

Robert Brown will sing several songs during the dinner and the introduction of other candidates for office will be featured during the meal. It is expected that Tallant Tubbs, Republican nominee for senate, will be among those present.

## STOCK SALE THEFT CASE CONTINUED

The grand theft case against Harold Ruark and Robert T. O'Brien, Los Angeles bond salesman, was continued in Justice Kenneth Morrison's court today until October 10, at 9 a. m.

Immediately afterwards, Ruark was taken in charge by San Bernardino sheriff's officers, who were here for the hearing and returned to San Bernardino, where they said he was wanted on another grand theft charge, details of which are reported similar to the one here.

Ruark when arrested several days ago here was forced to make bail of \$15,000. Today the bail was reduced to \$10,000. O'Brien also is free on bail of \$2500. He surrendered Monday to the sheriff's office.

The men are asserted to have sold "fake" stock certificates to Mrs. Anna Bifelt, an Anaheim woman.

### PEAS CAUSE STRIKE

LONDON.—The size of peas has caused a strike here. The peas were so small that pea shellers struck for more money, complaining that it takes longer to shell a quart of small peas than it does a quart of large ones.

## RANCHER ARRESTED ON DRUNK CHARGE

Everett Hughes, 47, resident of South Palm street, Anaheim, was arrested by Chief Criminal Deputy Sheriff Art Bails and lodged in the county jail on a charge of driving an automobile while under the influence of liquor.

The complaint in the case was signed by R. H. Swezey, who lives near Anaheim. Hughes is a prominent Anaheim orange grower.

The arrest followed an automobile accident near Anaheim last Sunday, in which the truck Hughes was driving is said to have run off the road into an orange grove. He was not hurt.

Today before Justice Morrison, the case was set for September 27, at 9 a. m. and Hughes was released on his own recognizance.

## R. C. SMITH OPENS LAW OFFICE HERE

Ridley C. Smith, for a number of years manager of the Christopher company branch ice cream plant here, and well known former leader of the junior chamber of commerce, has opened law offices in the Bank of America building. Because he has never practiced law here, few of Smith's many friends here knew he was an attorney, a profession he followed from his college days until he went into the ice cream business. He is a graduate of the University of Southern California, law school having received his L. L. D. degree in 1925. A native of Texas, he has been a Californian since 1902, living most of the time in Santa Ana. He is a graduate of the elementary schools here and the Santa Ana high school. Smith has been succeeded at the Christopher plant by Frank E. Perkins, of Glendale.

## CRAWFORD FUNERAL Set for Thursday

Funeral services for Dana Crawford, well known paper salesman who formerly resided in Santa Ana,

will be held at 2 p. m. tomorrow in the Benbough Funeral parlors, 711 Date street, San Diego. Crawford was killed in an auto crash in San Diego last Sunday night. He was a member of the Masonic order and a delegate from the Santa Ana Pyramid of Elcots is planning to attend the funeral.

### GUNS STOLEN

D. W. Cox, of 1401 West Second street, reported to the Santa Ana police yesterday that a .44 calibre rifle and two shot guns were stolen from the automobile of H. E. Johnson, at Saugus yesterday. He asked local police to aid in finding them.

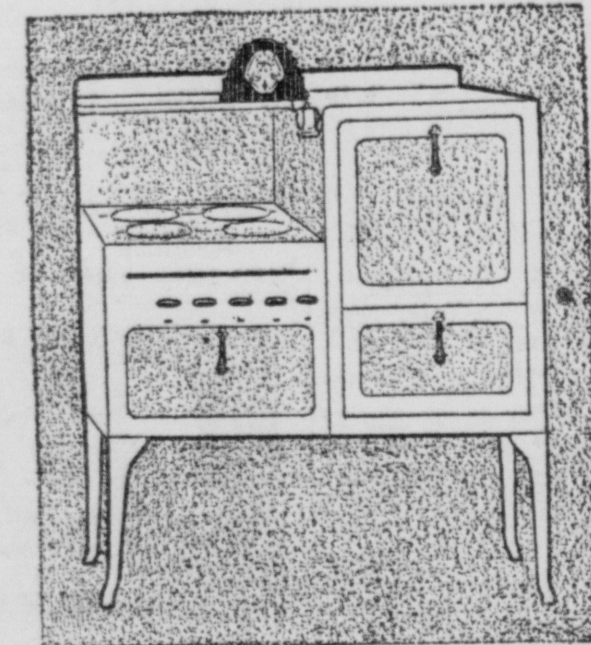

## She Doesn't Worry About the Dinner!

At the station to meet arriving friends, she learns that the train is nearly an hour late.

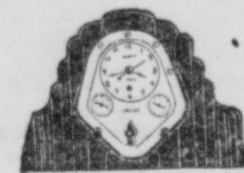

But, dinner is being cooked, at home, on her new clock-controlled, natural gas range. Exactly at the required minute, the heat will be turned off by the automatic clock. Dinner will not burn or be over-cooked because the clock controls the oven or the top burners.

See the Roper clock-controlled range at our office. You will find other clock-controlled ranges at your hardware store, furniture store or other modern gas appliance dealer.

Liberal purchase plan with easy terms.

She bosses this clock—

SOUTHERN COUNTIES GAS CO.

## Use QUAKER STATE'S new Superfine GREASES and TRANSMISSION OILS -Buy from Your Independent Dealer-

UNPLEASANT, wasted hours . . . disgruntled friends . . . and an expensive repair bill is a costly price to pay for faulty or neglected lubrication of your car, yet every day last year an average of more than 50,000 worn or burned out bearings were replaced by America's motorists. The cost can easily be computed. The inconvenience and actual danger caused by these inoperative bearings is beyond estimate.

One thing is certain. Most of these bearings would still be operating safely had the right lubricants been used in the right places at the right time.

To avoid unpleasant experiences and expensive repair bills, go to your independent dealer who displays the familiar green and white Quaker State sign. Ask for a thorough lubrication job with the complete line of new, Superfine Greases and Transmission Oils perfected by Quaker State. Seven distinct types of oils and greases assure protection for every vital part of your automobile, and the regular use of these greases and transmission oils will end all lubrication troubles and will increase the life and trade-in value of your car.

So certain are we of this that if you adopt the Quaker State plan of lubrication, we will insure your car in the Travelers Indemnity Co., against burned out and inoperative bearings due to faulty or insufficient lubrication.

If you are not familiar with the Quaker State Plan of Insured Lubrication, check and mail the coupon below, or ask any Quaker State dealer.

## "WET VS. DRY" DEBATE PULLS GREAT CROWDS

Presented last night in Fullerton, residents of four other Orange county cities will have an opportunity to hear the nationally famous dry debate, dialogue and drama, "Wet vs. Dry." It was announced today.

Besides the presentation in Santa Ana at the First Presbyterian church tomorrow night at 7:30 o'clock, it will be presented at

the same hour at the Costa Mesa Community Methodist church Friday night, at the Huntington Beach Methodist church tonight and at the Anaheim Presbyterian church the night of October 4. No admission is charged.

Some idea of the drawing power of "Wet vs. Dry" can be realized with the recalling of meetings at Young's Million Dollar Pier at Atlantic City, back in 1915 when the national dry combined organizations at their national convention staged three programs all running at the same time, it was pointed out today.

It was similar to a three-ring circus except movable partitions separated three large lecture halls. The late William Jennings Bryan was occupying one platform at the end of the pier. Capt. Richard Pierson Hobson was talking in the other end of the hall, and "Wet vs. Dry" was being staged in the middle, with sliding doors standing open at the rear so delegates could pass from one hall to the others.

"Wet vs. Dry" was so dramatic, hilarious and spectacular, that those listening to it began to roar with laughter and shout their approval until pandemonium broke loose and drew the crowds away from the two nationally known orators. The partitions were removed and threw the 10,000 delegates into one massive dry audience, for the famous dialogue which is to be given in Santa Ana tomorrow night under auspices of the Board of Strategy.

## WORKINGS OF STOCK MARKET ARE EXPLAINED

An inside view of the operation of the stock market was given the Rotary club at its meeting yesterday noon by B. H. Lawver, local manager for Logan and Bryan.

The speaker traced the beginnings of the stock exchange back to 1792, when it became necessary for the government to raise money by a bond issue, and when insurance companies, banks and other financial institutions required some means of selling securities. The financial agents set up a market on the water front of New York, where various other markets were in operation, selling provisions, grain, hides, leather and even human slaves, and here was the beginning of the New York Stock exchange, he said. Later on, the financiers moved their base of operations to the shade of a huge buttonwood tree at the end of Wall street, and for some years their transactions were continued in the open air. Eventually they moved into a small room, and in the course of time their work became large enough to demand their own extensive equipment, which has continued to grow until the present time.

The fact that the brokerage offices on the Pacific coast open at 5 o'clock in the morning was a surprise to many of the audience, who had imagined the broker's life to be one of ease and rest. Lawver explained that the hour from five to six in the morning is devoted to receiving reports from all parts of the world, the European exchanges being opened for business at that time. News reports which are expected to affect the day's business come in from Berlin, Paris, London and other parts of the world. At 5 o'clock, Pacific time, the New York exchange opens, and the day's work is on.

By reason of the efficiency of operation, it not infrequently happens that a buying or selling order is filled with the local office, to be completed in New York, and the report of the transaction received here within three or four minutes by means of the direct wires.

Lawver interlarded his talk with personal interest stories of various notable figures of the financial world, giving reminiscences of W. C. Durant, John Raskob, Jesse Livermore, Daniel Drew and others. Short selling and selling and buying on margin were explained, and other interesting details of the market were discussed in an entertaining manner.

An unusual feature of the program was the introduction of a series of talks by local members of the most interesting experiences of their lives. W. A. Taylor was the speaker on that topic, and he gave a story of his experiences of some 30 years ago when the organization with which he was connected handled extensive real estate transactions in Nebraska for "Uncle Joe" Cannon, of Illinois, giving him an unusual opportunity to become acquainted with the picturesque statesman.

Next Tuesday the Rotary club will have Mr. Walter F. Dexter, president of Whittier college, as speaker.

**HELD THIRTEEN HEARTS**

## COMPLETE CONCRETE WORK ON COAST HIGHWAY INTO LAGUNA; TO BE READY FOR USE SOON

Pouring of concrete for the new paving 30-foot job on Coast Highway from Newport Beach to Laguna Beach was completed yesterday afternoon by the contractors, Jahn and Bressi, and there now are three lanes of new paving for a distance of about 11 miles.

All of this has been opened to traffic with the exception of about six-tenths of a mile north of Emerald Bay, where there is an excellent detour. It is expected that the entire distance will be opened to traffic, without detour, by the end of the week.

The pouring job has set a record for the laying of concrete paving, according to state engineers. The work started less than two months ago and the time set for completion was the first of October. It was cured under a new process that takes less than half the time and as each lane, or section of lane, was ready it was opened to traffic. Instead of covering the newly laid concrete with earth in the curing

process, the surface is coated with an oil preparation that seals it. It gives the surface a dark color and serves to prevent sun-glare.

A part of the old paving was used through Corona del Mar. There now is no grade more than five and a half per cent from Newport Beach to Laguna Beach. All dangerous curves have been eliminated and the tons of grades are approached so gradually that visibility always is good.

Work has started in earnest on the road to the south of Laguna Beach from the city limits to Dana Point. When the 30-foot paving job has been completed, there will be a three-lane highway the entire length of the Orange county coast line, a distance of about 42 miles.

## FIRST JAYCEE ASSEMBLY FOR NEW STUDENTS

Dedicating their program to incoming freshmen, the Associated Students of Santa Ana Junior college presented their first assembly of the semester in the college auditorium yesterday.

Miss Alda Fisher and Dean Benton, new students, joined with Martin Bowman and Duncan Harpole, service club members, in presenting a varied musical program. Miss Fisher offered a popular number on the piano. "We Just Couldn't Say Good-bye" and "If You Believed in Me" were featured by Benton, Tustin graduate

whose singing received unusual applause.

Bowman appeared on the program as an apache dancer in a comical skit with a cloth dummy. Later he sang the famous "Gon-dola" number which won for him first place in the Orange county audition of the Alwater Kent radio contest over KREG Monday night. He was accompanied on the piano by Duncan Harpole.

Gene Hall, student president in charge of the assembly, announced that a surprise radio program, with Eugene Stevens directing, would be presented over KREG, Santa Ana station, this week.

Short talks by McKee Fisk, dean of the college, and Roy Wheeler, student treasurer, concluded the program. Dean Fisk pointed out that while attendance at assemblies has not been required in the past, it is the plan of the 1932-33 faculty to present one compulsory assembly monthly for each of the three divisions—letters and science, commerce and education. The divisions will hold separate assemblies. Wheeler's talk concerned student tickets, his report showing that more than 400 have been purchased since September 13.

## ASKS ANNULMENT AND RING RETURN

John Lipa has filed suit for annulment of his marriage to Mildred Thelma Lipa whom he married last March 23 in Yuma, Arizona.

In addition to asking for annulment of his marriage, Lipa is asking for the return of a diamond ring and a camera, said to be his personal property now in possession of his wife.

In his complaint Lipa alleges that at the time of their marriage his wife had a former husband living from whom she had not been divorced. The couple separated September 4, last.

## Vote of Board Member Refused

Dr. Montrose LeStrange, city judge of Laguna Beach, made a second attempt last night to vote at the meeting of the board of directors of the Laguna Beach County Water district, to which he was appointed recently by Mayor J. E. Bishop under a construction of the county water district act made by City Attorney Milburn G. Harvey. The vote was refused by former Mayor Thomas A. Cummings, president of the board.

Dr. LeStrange then made a demand for a warrant on a claim for \$10, the amount allowed under the law to each director who attends a meeting of the board. This also was refused.

City Attorney Harvey is in Los Angeles today and could not be reached for a statement, but at the last meeting of the city council in Laguna Beach he stated that it had been agreed with Col. M. B. Wellington of Santa Ana, attorney for the water district, that the best way to get a construction of the act by the courts would be to have the city bring mandamus proceedings and seek to have the superior court issue an order on the water board to show cause why the warrant should not be paid.

Decision as to the exact method of procedure probably will be decided this evening at the meeting of the city council in Laguna Beach.

## FARM BUREAU REPORTS GIVEN CENTER GROUP

When members of the West Orange Farm center met last night at the West Orange school dinner was served on long tables in the patio and 75 were present. Later in the evening 75 more joined the group for the program which was given in the school.

A report was given by A. F. Schroeder, who stated that the 40-cent road tax had been reduced to 22 cents as the result of efforts of the farm bureau, which endeavored to get a cut to 10 cents. H. J. Hinrichs gave a report on farm bureau activities and stated that the 4-H clubs are now seven years old and that the Orange county clubs now have 35 senior members, all of whom are over 15 years old. This means, said Mr. Hinrichs, that they have been members more than five years. There are 900,000 4-H club members in the nation, the speaker said. Holmes Bishop spoke on citrus problems.

Reports of the 4-H club convention at Davis were given by Ruth Greenwald, Evelyn Witt and Donald Knaak. Mrs. Marie Bishop, accompanied by her daughter, Miss Velma Bishop, sang "My Garden," "Taking Joy Home" and "Canterbury Tales."

Two skits were given. In "A-H" Eric Eastman enacted a feminine role and the other two parts were taken by Gilbert Bradford and A. F. Schroeder.

As the occasion was ladies' night, Mrs. Joe Witt acted as secretary and Mrs. Henry Hinrichs presided. The wedding anniversary of Mr. and Mrs. Schroeder was observed when an elaborately decorated cake was cut and served. In the final skit presented, parts were played by Mr. and Mrs. Henry Hinrichs and Mrs. Gilbert Bradford.

Mrs. Schroeder arranged the program. Hostesses for the evening were Mrs. Joe Witt, Mrs. Paul Struck, Mrs. Jay Truway, Mrs. Robert Blanchard, Mrs. Fred Albers, Mrs. A. F. Schroeder, Mrs. Gilbert Bradford and Mrs. Henry Snackenberg.

Eric Eastman announced that the school for rural dramatics is to be held at the Anaheim Union High school September 26, 27, 28 and 29. It will be conducted by Jack Stewart Knapp of the National Recreational association through the courtesy of the University of California. The school is intended as a training course for 4-H and farm center leaders in staging plays and skits.

## The Public Forum

Communications under this heading must be signed by the name of the writer. These communications express the opinions of the writers of them. The opinions may or may not be the opinions of The Register.

Editor, The Register:

There is an editorial in your issue of Sept. 17 which is quite critical of a Methodist Bishop; your stand on religion and church work in the past has been quite commendable, but by becoming critical and accusing the Bishop of being narrow; brings to mind the scripture which says: "Straight is the gate, and NARROW the way, that leads to life everlasting, and FEW there be that find it."

Now I wonder which is the broader-minded one, the Editor or Bishop.

The one who would contaminate himself with the ungodly thing of this old sinful world and just to get a kick!

Well, I prefer that my life be lived, so that I may find the way to life everlasting. Because you know what is there for us to enjoy will amount to more than to get a KICK out of a show or circus.

J. C. SWAFFORD.

# CLAIM GRIMM INSPIRED CUB VICTORY

## Wilson Scrimmage Bares Saint Weaknesses

by WILLIAM BRAUCHER

The Pitt Panther has been sharpening its claws in the woods near Windber, Pa., in preparation for what appears to be the hardest schedule a major university team ever attempted.

The 25 starters upon whom Coach Jack Sutherland bases his hopes for victory over Notre Dame, Stanford, Ohio State, Army, Penn, Carnegie Tech and others have lived outdoor life for two weeks in the rugged hills 20 miles from Johnstown.

### WORK AND SLEEP

To reach the camp a visitor must take a dirt road through the wilderness. Farmers tell you it is "a couple of miles down the hollow." During the summer an engineering school is held there. The camp, consisting of a row of wooden shacks and a mess hall is turned over to the football heroes for two weeks.

It should be an excellent engineering camp, because a man almost had to have a theodolite to find it.

The young men who will battle in ten hard games that take them all the way from Morgantown, W. Va., to Lincoln, Neb., emerge from a heap of blankets at 7:30 o'clock in the morning. They are back under them at 9 a.m. night, meanwhile having packed in about 14 hours of climbing hills, scrimmaging and packing in the food at intervals.

### CALL OF THE WILD

The camp is for men only. Probably the only danger Jack's football players are up against at Windber is an occasional bear. The woods are wild, and Sutherland hopes his young Panthers catch some of that spirit, because he needs wild men to carry out a schedule that the coaches view with alarm.

Dinner in the mess hall, around 6:30, is a noble institution. It is such like an army grub room, with long tables flanked by benches. The lads park there for their biscuits. Naturally full dress suits are not worn.

Many of the players wear shorts all day long. Some, stripped to the waist, wear only duck pants. All of them eat like major league players. Young collegians bear plates to the diners, and this correspondent finds his loaded with a huge chunk of meat loaf and a baked potato. There is a heap of toast, as hard as zwieback, on the table, and plenty of butter. One long dish contains celery and stuffed olives. The dessert is a starch pudding.

Huge pitchers, containing milk, buttermilk, coffee, cocoa or water, are placed before the diners. The coffee is excellent, but the coffee is milder than the kind served by most restaurants.

### Spills the Seasoning

There is a din of conversation, clattering of dishes and an occasional prank, such as when a 160-pound tackle playfully drops a pepper cellar into his pal's buttermilk. Then there are guffaws all around.

In the evening, some of the boys gather on the gridiron that has been planned off between the towering hills and kick the ball around until dark. Sutherland, wearing a wind-breaker to keep off the keen evening cold, looks on, delivering now and then some shouted instructions in a voice that retains a faint Scottish burr.

The coach was born in Scotland, by the way, and did not reach America until he was 18 years old. He is tall, slender and with a determined jaw. He looks like a football coach, and the players tell you he is one. The man is rugged, like the rocky hills around Windber.

### FOOTBALL BRIEFS

(By United Press)

**SANTA CLARA**—Coach "Clipper" Smith has decided to shift two of his ends to tackle positions in the Santa Clara game Saturday against California. They are Fred Danz and George Fortier.

**BERKELEY**—Heavy scrimmage for Coach Ingram's regulars on the California squad has ended with the result of injuries several players have received. Hard practice will continue, however, for the second day of training in preparation for Santa Clara Saturday.

**PALO ALTO**—Hoping to overcome the frequent fumbles which marred Stanford's appearance against the Olympic club last Saturday, "Pop" Warner is putting his backfield candidates through long daily sessions of ball passing. Warner expects to try out several "spin" plays against San Francisco university Saturday.

**OAKLAND**—A smile of satisfaction crossed Coach "Slim" Madigan's face as the regulars on his St. Mary's squad galloped easily through the Frosh for 10 touchdowns in practice yesterday. The game taper of training tomorrow for their game Sunday against West Coast Army.

**LOS ANGELES**, Sept. 21.—(UP)—The U. C. L. A. Bruins have lost Lenner Bergdahl to their quarterback for this season. Now convalescing from an operation on his right elbow, Bergdahl said that much as it was doubtful if he could play against St. Mary's Armistice Day, he did not want to waste a year of competition for one or two games.

**LOS ANGELES**, Sept. 21.—(UP)—Not yet satisfied with the way his charges are performing, Bill Anderson planned to send "accidental" through a stiff workout today before permitting his players to rest for the Arizona game Friday night.

**LOS ANGELES**, Sept. 21.—(UP)—Forward pass plays are being fed the Trojan of the University of Southern California in an effort to use to the best advantage an experimental high speed backfield. Howard Jones put his men through a scrimmage last night in which the passes showed up much better than the running play, which still suffer from lack of good interference. Aaron Rosenberg, big guard, sprained an ankle, but the injury was not serious.

## POOR BLOCKING MAKES RUNNING ATTACK FEEBLE

Their running attack revealed as a most inelegant and ugly thing, Santa Ana's Saints today went back to work on the most important contribution to offensive football—blocking.

Inefficiency at this art, always emphasized in the Notre Dame shift which Coach "Tex" Oliver adopted last year with amazing results, disclosed startling weaknesses in the 1932 Saint attack during a long scrimmage with Woodrow Wilson HJ at Long Beach yesterday.

Santa Ana's running attack was stopped cold. Aside from one brief flurry near the end of the workout, Oliver's backs were smeared before they got to the line of scrimmage by opposition that superficially did not appear to measure up to Coast league standards.

**Middle of Line Weak**  
Interfering halfbacks were not to blame as much as linemen from whom assistance is necessary to make the Rockne system function properly. Major weaknesses were revealed in the middle of the Santa Ana line, and almost everywhere else except on the ends where the giants Clarence Bolton and Earle Harris operated quite satisfactorily.

Coach Oliver called on almost every member of his big squad in an effort to discover some line-man who could take care of his assignments. He was still on the prowl at dusk.

One significant thing was noted during the drill, however. The Saints still look like they had an aerial attack, whether they are blocked or not. They scored three synthetic touchdowns on Wilson, all directly or indirectly due to accurate passing and deceptive formations. Montgomery was on the receiving end of one long toss and he ran about 25 yards through a broken field to the goal line after making the catch. Golliath turned in a dandy catch of another even longer pass, hurled by Montgomery, and outdistanced two Wilson backs in a short dash to the scoring zone. Art Stranake made the other one on an off-tackle play of 7 yards but a series of passes left the ball in dangerous territory.

**Duncan Plays Fullback**  
Herb Duncan, hitherto considered first string center, worked out at other positions more than in the middle of the line. He was used considerably at fullback, Stranake operating there the rest of the time. Captain "Red" Kidder, still favoring a bad knee, saw less than five minutes action.

(Continued on Page 14)

## Troy's Frosh Prepare For Don Invasion

**LOS ANGELES**, Sept. 21.—Having instilled in his freshman football squad the rudiments of the Jones system as employed by the varsity, Coach Stan Williamson yesterday sent his University of Southern California Trojans through a heavy workout in preparation for the season's opener with Santa Ana junior college in the Olympic stadium Saturday at 12:30 p. m.

Out of the scrimmage emerged a team which Williamson expects to use as a starting lineup during early season games. Marvin Crawford of Los Angeles and Duane Larrabee of Santa Ana, annexed promising positions early in the practice sessions, and their work on Boyard field stamps them as excellent future varsity material.

Pete Long, former Woodrow Wilson HJ star, and Art Dittberner, of Covina, will probably get the call at tackle positions. Both are big and fast.

Valentine Hoy and Maynard Henry, guards, and Jack Houliate, ends, are fighting hard to maintain positions. In Ed Kuhn of Fullerton, Houliate has competition that will make him step to enter the regular starting lineup.

Cliff Probst of San Bernardino is the most promising candidate for quarterback, and Alkman, at choice in that position although Ed Aigner, a late arrival on the squad, has shown a world of drive in scrimmage.

Gerard Burchard of San Diego and Joe Hurst of Covina, halfbacks, are learning the art of blocking from Tom Mallory and Gus Shaver, assistant freshman coaches, and their recent improvement marks them as almost certain starters.

Coach Bill Cook, Santa Ana mentor, will probably start the following lineup: Carlyle, left end; Fredericks, left tackle; DeSmet, left guard; Handy, center; Koral, right guard; Conkey, right tackle; Greenow, right end; Wally, quarter; Bell, left half; Captain Hall, right half; Danerl, fullback.

Officials: Referee, Ted Coffman; umpire, Eddy Leahy; head linesman, Bill Cole; field judge, Kenneth Cox.

## Dan Howley Through As Cincy Pilot

**CINCINNATI**, Ohio, Sept. 21.—(UP)—Sidney Weil, president of the Cincinnati Reds, admitted today that Dan Howley would sever his managerial connection with the Reds at the end of the 1932 season, when his three-year contract expires.

Howley will not ask for a renewal of his contract, Weil said. It has been rumored Howley will manage the Toronto International league club. His first Cincinnati team finished seventh in the National league, and the remaining two in last place.

Weil said a new manager would be selected no sooner than November. It was understood Donie Bush has been considered for the position.

## 'PEP' CONTEST PUTS DEAS IN SCRIBE'S MIND

By HENRY McLEMORE (United Press Staff Correspondent)

**NEW YORK**, Sept. 21.—(UP)—The Buffalo Bisons, who play baseball, oddly enough, have been named winner of the first annual award of the International league's foundation for the development of bliss, sweetness and light on the diamond.

In selecting the winner, the jury of the eight club presidents and the eight official scorers, took into consideration these five items:

- 1.—General all around hustle of the team.
- 2.—Appearance.
- 3.—Hueltle and pepper shown by the coaches.
- 4.—Speed of the players in changing positions between innings.
- 5.—General attitude of the managers in not delaying games and speed in changing pitchers and other players.

**Indignation in Newark**  
The Bisons won the award in a walk, getting eight out of a possible 15 votes. The result of the hallooting caused indignation in Newark, the home of the pennant-winning Bears. Newark customers are asking how come, in no low tones, they being unable to figure out how a club that finished 15 or so games out of first place could take a blue ribbon award for hustling.

And it does seem a bit strange, not to mention a powerful argument for laziness and untidiness. But we have no intention of taking sides. What we are primarily interested in is the award itself. The foundation's idea of rewarding players for hustling, peppering, natty dressing, etc., is a step in the right direction.

But it is just a beginning. With a little thought, a little planning, baseball can, not only be made thrice as appealing to the spectators, but a mighty educational force, as well.

**Why Not Other Contests?**  
For example, let the foundation in 1933 keep its original items but also add other contests to its program. Think of the tremendous enthusiasm that could be aroused among customers and players alike by offering awards for the following:

- 1.—Team planting the most peonies around border of infield.
- 2.—Best essay (not to exceed 1600 words and on one side of paper only) on "Building into Second Base, or George Washington the Father of His Country."
- 3.—Best stud poker team.
- 4.—Best original oration on the "Influence of Ansteln's curved light theory on spitballs."
- 5.—Best working model of Jute mill.

These are just a beginning. Then for the prizes. A \$100 bill is not adequate. Moreover, baseball players care little for money, and would strive harder if something of sentimental value was offered. An autographed X-ray picture of Babe Ruth's stomach, for example, or a small jar of the dust "Bucky" Harris threw in Umpire McGowan's eyes in 1926. Or a handful of tickets on the third race at Washington park personally torn into bits by Rogers Hornsby.

You write a few, now.

### STEELE STOPS GARCIA

**LOS ANGELES**, Sept. 21.—(UP)—Freddie Steele, welterweight titleholder of the Northwest, took a round to conquer nervousness at his Southern California debut last night, then in the second landing an attack which put Ceterino Garcia, Filipino, down for the count.

## MORE NOTRE DAME CARIDEOS

Carideo is becoming a grand old name at Notre Dame. Frank, great quarterback of '29 and '30, is now followed at the South Bend school by a brother and a cousin. The brother, Angelo, quarterback, shown above at left, looks a lot like Frank and, if the young man can play football like his brother, he'll go far. Cousin Fred Carideo, shown at right, is trying out for fullback.

## Seattle Fan Is Second In Line At Yankee Park

By SAMUEL CORCORAN (United Press Staff Correspondent)

**NEW YORK**, Sept. 21.—(UP)—Samuel Corcoran of Seattle arrived today aboard a fast freight hoping to be first in line for a world series ticket, but found William Cunningham of Kansas City ahead of him. Corcoran was second in line last year also. During their seven-day wait at the Yankee stadium bleacher ticket office, Corcoran and Cunningham will have ample time to discuss the relative merits of their favorite teams. Corcoran is backing the Yankees. Cunningham is a Cub fan.

## YANK OUTFIELD FAR SUPERIOR TO CUBS' TRIO

(This is the second of a series comparing the New York Yankees and Chicago Cubs. Today, the outfielders. Tomorrow, the catchers.)

**BY GEORGE KIRKSEY**  
(United Press Staff Correspondent)  
**CHICAGO**, Sept. 21.—(UP)—Man for man, trio for trio, in the field, on the bases or at bat, the New York Yankees outfield is vastly superior to the Chicago Cubs' combination.

The Yankees have Babe Ruth, better extraordinary and veteran of nine world series; Earl Combs, one of baseball's best ball hawks and leadoff men, and Benny Chapman, the major league's fleetest.

(Continued on Page 14)

## PASADENA HAS BEST MATERIAL IN FIVE YEARS

(This is the fifth of a series of articles detailing prospects and possibilities of Coast Preparatory league football teams. Today's installment considers Pasadena.)

The Bulldogs' bark, which for the past four years has been a rather weak yip, will blast forth this season as a real growl, if reports from the Pasadena camp, presided over by the bespectacled kennel-keeper, Coach John Thurman, are any criterion.

Joy reigns on the Bulldog campus once more for football prospects are admittedly the brightest in years. Temporarily, at least, Pasadena is looking at the world through rose-colored glasses. Coach Thurman, one-time All-American tackle at the University of Pennsylvania, has six lettermen as a foundation for a championship contender in this year's Coast Preparatory league race. They are Captain Al Hoop and Ray Burby, guards; Louie Venevoni and Jack Winters, tackles; Howard Haradon, quarterback, and Bill Duncan, fullback. Some observers in Pasadena think they may bring the lean and hungry Bulldog his first title since 1927.

**Junior Highs Send Help**  
In addition to the widely expected six lettermen, Thurman will have a number of first string reserves from the fairly able 1931 squad, as well as much green material from three Pasadena junior high schools which all had good teams last year. The entire first string lineup from McKinley, Pasadena, is as follows:

(Continued on Page 14)

## NIGHT LEAGUE CHAMPIONS IN FOURTH START

The Southern California night baseball championship series shifts back to Orange county tonight, with Anaheim and Riverside playing the fourth game of their "tournament" under Anaheim lamps.

Two slow-ball wizards, "Fuzzy" Brington and Lloyd Lichtenwatter, are scheduled to be opposing pitchers. Otherwise, the regular lineups of the clubs will stand except that Joe Mene probably will roam Anaheim's right field instead of Max Moody. Mene broke into the series Monday with four hits out of five times at bat.

Thus far, Anaheim has outlived and outfielded the inland champions decisively, and appears much the stronger team although Riverside's 4-2 decision in the second game at Anaheim convinced observers that the Rubes are still dangerous company, although inclined to errability.

Vic Ruedy's Valencias, however, have massaged the Rubes' three-way mound corps—Jim Duncan, Chet Briggs and Lichtenwatter—for a team average of .278, as against Riverside's unimpressive .194. Furthermore, the National Night league champions have fielded rings around their inland brethren. Riverside has been guilty of eight errors, Anaheim two.

Attendance has been quite disappointing, the average being under 2500 for the first three starts. The seven-game series at Anaheim rumpus took an edge off the current series just as it did last year before Santa Ana and Colton collided in the finale. Cold weather has not helped the turnout either.

If Anaheim can win on its own stamping ground tonight, the Valencias may bag their first championship Friday when the teams resume warfare at Colton. Otherwise another week, games being listed for Tuesday and Friday.

## BASKETBALL TEAMS AWAIT 'Y' SEASON

Basketball preparations are already under way at the Santa Ana Y. M. C. A., where Physical Director R. R. Russick is daily receiving questions and conferring with those interested in forming teams. A meeting has been called for Friday, September 30, at which time the organization of a league, probably made up of church teams, will be discussed and steps taken toward arranging a schedule. Russick states that all team representatives will be welcome.

Time has been saved on the Y. M. C. A. gymnasium schedule so that play can be arranged for a league of several teams. Last year's activity was especially successful and several strong aggregations are left over from that season and can be brought into shape for play with little effort, it was pointed out.

On account of the limited time available, it is not now possible to provide playing space for a large number of teams at the "Y", but Russick is confident of taking care of six or eight teams, and he anticipates that about that number will be ready for play early in October, when the season's schedule is to start.

## Shift Duck-Indian Tilts to Portland

**SEATTLE**, Wash., Sept. 21.—(INS)—The final series of the Pacific Coast league baseball season, beginning next Tuesday, between Portland and Seattle clubs, was shifted today to Portland. It was announced here today. Poor attendance here was given as the reason.

**FOUR TROPHIES WON**  
Since the I. C. A. A. A. was organized 54 years ago, only four championship trophies for track and field supremacy have been permanently won. Harvard, Yale, Cornell and Southern California turned the trick.

Grimes doesn't think he's too old to play baseball. His early training in lumber camps built a strong frame. He tries to keep in condition constantly by hunting, fishing, golfing and keeping out of doors.

**OIL FILTERS**  
Your oil filter should be replaced each 8,000 miles. Save your motor, have one installed this week.

## FIRST FRIDAY NIGHT RACING CARD ARRANGED

Friday night motorcycle racing goes in effect at the Santa Ana Bowl this week.

Promoter Jack Henderson and his associates believe Friday will be a more popular night with Orange county fans than Saturday, and plan to start the ball rolling with an extra special program topped off by a match race between Cordy Milne, new champion of the Santa Ana track, and Portland Pay Rice, the "ex-champ."

Milne was challenged by Grant immediately following last week's race meet, for a "fight to the finish." The Portland rider was none too happy over the shellacking he took from the Hollywood go-devil.

"I want to get Milne on the course alone and let the fans be the judge as to who is the better man," Grant asserted. The match battle was signed by officials today.

It is Grant's contention that he is the more consistent of the pair and that while Milne can win in several races, he will be unable to retain the place. Milne set a course record of 15-1/5 seconds.

At a meeting of the protest board today, presided over by Referee Al Koogler, it was voted to split first place money for the team race last week. The Milne brothers, Cordy and Jack, finished in front but the second-place pair, Grant and Sid Chambers, by questioning and claiming Jack Milne had not touched his mechanic when coming to a stop, which is required. However, there was a difference of opinion and it was decided to settle the squabble with an even split of the spoils.

**RANK END WILSON NO. 1 IN GOLF PLAY**

**NEW YORK**, Sept. 21.—(UP)—Miss End Wilson of England, British women's golf champion, has been given the heaviest handicap in the United States championship which starts Monday, with 39 entrants, over the Salem Country club course at Peabody, Mass.

This is an unusual compliment from the United States Golf association because her plus-four in the handicap ratings enables her to outrank by one stroke even Mrs. Edward H. Ware Jr. of Philadelphia, the former Glenna Collett, still considered the best American player.

**CHICAGO BASEBALL MAD AS CUBS CINCH PENNANT**  
**CHICAGO**, Sept. 21.—(INS)—A

(Continued on Page 14)

## POMEROY, 74, LEADS WILLOWICK GOLFERS

Van Pomeroy's 74, product of 38-36, is the lowest score thus far reported in the Willowick Public Golf club's Killingworth Cup tournament. Qualifying will be continued all this week.

J. H. Menges, 39-37-76, and Fred Robertson, 37-39-76, have the best marks behind Pomeroy. "Doc" Pearson shot a 40-38-78, E. Lemcke a 39-39-78.

G. H. ("Red") Wiking, new manager of the Willowick course, has announced substantial reductions in water golf rates. Hereafter, the old charge being a dollar more. The rate for play any week day, excluding Saturday afternoons, Sundays and holidays, is now \$2.50. Students may play daily after 3 p. m. for \$2 monthly, Wiking stated.

## FIGURES SHOW MEDIOCRE CLUB WON PENNANT

BY DAVIS J. WALSH (I.N.S. Sports Writer)  
**NEW YORK**, Sept. 21.—(INS)—In the words of an old time tune, "Chicago, Chicago, That Toddlin' Town," is officially and for the records the 1932 champion of the National league today, the records having finally accepted what the facts knew three weeks ago.

Actually, the Cubs won the pennant yesterday when Cuyler tripled with the bases filled to beat the Pirates in the first game of a doubleheader. But to every practical purpose, they won it the first week in September, by loose time it was impossible to lose to a league that openly admitted that it could no longer win.

Yet the Cubs had to go all the way to yesterday, exactly one week before the opening game of the world series, before their victory became definite, indicating that they backed into the pennant, and their record is 89 won, 61 lost for a percentage of .593, indicating that they are just another ball club. So much for indications.

These facts are slightly different. These show that the Chicago ball club had won 53 and lost 44 on August 2 for a percentage of .535 and that, since that time, it has won 36 and lost 15. It was August 2 that Rogers Hornsby was relieved of the management. It was August 3 that Charley Grimm was appointed in his place and I trust that the implication is quite clear. I mean that the Yankees must beat the club that played .705 for Grimm, not the club that played .555 for Hornsby.

On paper, he must be the same club that won for Joe McCarthy, present Yankee manager, back in 1929, yet it has some fundamental differences. Hornsby is gone. I don't think the club is as strong.

These are not an association of ideas, merely two statements that appear to be factual. Hornsby's bat materially helped to win the other pennant, for one thing. For another, the added years have not helped. Stephenson, Cuyler, sound, with the addition of Warrick and Tinning, and assuredly the coming of Herman and Juges had made for a cleaner defense in the infield.

Otherwise, the catching is better with the addition of Hemsley and the pitching is at least as sound, with the addition of Warrick and Tinning, and assuredly the coming of Herman and Juges had made for a cleaner defense in the infield.

## NEW RULES TO BE DISCUSSED BY DAIRYMEN

Word was received here yesterday that an inter-regional dairy meeting will be held in Santa Ana September 29, starting at 10 a. m. The meeting is scheduled for the offices of the Orange County Farm Bureau.

Members of the citrus department of the Farm Bureau in Santa Barbara, Ventura, Los Angeles, San Bernardino, Riverside, Imperial, San Diego, and Orange counties will be represented at this meeting.

The purpose of the session, according to R. D. Flaherty, executive secretary of the Orange County Farm Bureau is for consideration of the new rules and regulations recently put into effect by the state department of agriculture.

## TELLS ENGLISH ATTITUDE ON DEBT PAYMENTS

### CITRUS GROUP TO MEET ON FRIDAY

Members of the citrus department of the Orange County Farm Bureau will meet Friday at the office of the Farm Bureau. Membership in the department is divided into two sub-committees marketing and legislative. Principle business to be discussed at the Friday meeting will be centered around the present marketing situation status of the program plan and the Farm Bureau position in that plan.

According to R. D. Flaherty executive secretary of the bureau the legislative subcommittee of the citrus department is studying the standardization law with a view to proposing some changes that members of the committee deem necessary.

### DECLARATIONS THAT THERE IS A FEELING IN ENGLAND THAT AMERICA SHOULD NOT INSIST ON COLLECTING WAR DEBTS AND THAT A REAL DEPRESSION EXISTS IN THAT COUNTRY, ARE CONTAINED IN WORD RECEIVED HERE YESTERDAY BY C. S. PECK, OF 520 EAST FIFTH STREET, FROM A PERSONAL FRIEND WHO HAS JUST RETURNED FROM A VISIT IN ENGLAND.

The friend is Dr. James Millar, of Caldwell, Idaho, head of the department of religious education of the College of Idaho, who spent the summer in England studying at London and Cambridge universities. "Persons who believe there are hard times in the United States should go to England and see a real depression," Dr. Millar said.

"About 2,000,000 wage earners are out of employment in England," Dr. Millar said, "and when dependants are included, the number becomes enormous and constitutes a much greater percentage of the total population than does the number of unemployed in America."

"England's wealthy class gradually is becoming impoverished to care for the poor," he said. "Enormously high taxes of every description are levied. Income taxes are placed on all net incomes in excess of \$600 a year and death taxes take 40 per cent of an estate."

"There is a feeling in England that America is wrong in attempting to collect war-time debts from European countries. The feeling is not so much of hatred toward the United States, as is the belief that American citizens, through enormous profits from war manufactures, already have had their share of gain through the war."

"English brewers already are making preparations to ship wine to the United States. They are unfamiliar with the process of amending the Constitution to permit the sale of such beverages and when both parties adopted platforms favoring changing the eighteenth amendment, the brewers thought the law would be changed at once."

### Farm Centers To Select Chairman

Appointment of a district chairman to become a member of the county membership committee of the Orange County Farm Bureau is scheduled for tomorrow night when members of farm centers in the northern end of the county meet at Placentia.

Centers to be represented at this meeting are: Placentia, Anaheim, Yorba Linda, and La Habra. George Kollege, acting county membership chairman will preside at the session which will be held in the chamber of commerce meeting rooms.

## Radio News

### NEW FEATURES BOOKED OVER STATION KREG

The new and interesting features will make their debut tonight over radio KREG. One will feature "Strange Facts" and other will introduce an outstanding entertainer who has been featured over many of the radios in the southland.

At 6:45 P. M. E. H. Riesen, Santa Ana dentist, will sponsor the first of a series of programs featuring facts about far off places and people and an excellent musical program. He has named his presentation which is scheduled for every Monday, Wednesday and Friday evening, "Strange Facts."

This program carries an unusual amount of interest because of the facts relative to strange people and animals, phenomena of nature and unusual events in history.

In his program he will offer a unique group of humorous and dramatic readings. He is well known to radio listeners having presented programs over other stations. He has taken part in many radio plays, mimoses and organ readings and offers 11 minutes of unique and interesting entertainment.

With Betty Ann

UTT JUICE COMPANY, Tustin. QUEEN ISABELLA lends herself to so many interesting menus, each delicious as another in its own way, that one is never at a loss for variety when UTT Juices are kept on the pantry shelf. The clear, pulpy tomato juice and the California grown concord grape juice are perhaps the favorites, although one can obtain the pure juices of almost every fruit grown in California today, bottled under the Queen Isabella label. QUEEN ISABELLA jams are made of pure fruit and very little sugar, giving them the just right flavor and making them much more wholesome than the too sweet mixtures too often on the market. Every day we find enthusiastic users of the Queen Isabella juices telling how easy it is to prepare for unexpected company when they have on hand the golden-hued tomato juice for a delicious cocktail, or bouillon; the orange and grape juice for a quick refreshing punch; the all-fruit jams for hot rolls and coffee or tea. Buy QUEEN ISABELLA from all large markets, Orange County, and far beyond.

## TWO CLASSES ARE ADDED TO NIGHT SCHOOL

Two classes have been added to the evening high school schedule. It was announced today by Mrs. Golden Weston, director of adult education.

"American Problems" is the subject of one of the classes which will be held Tuesday evenings in room 2 of the junior college building with Birdina Anderson as instructor. Miss Anderson will present a study of present day conditions in the light of historical influences. The class will offer an opportunity for an interesting study of the problems confronting the nation today, Mrs. Weston declared.

Public speaking, the other new class, will be offered in Music Room A of the Lathrop Junior high school with Baxter Geeting as instructor. The instructor will present the fundamentals of successful and forceful self-expression. The various problems involved in successful public speaking will be worked out in the class room.

## RUPTURED?

Free Demonstration  
at the Santa Ana Hotel,  
on Fri., Sept. 23rd  
By Dr. O. H. James

Hours, 9 a. m. to 6:30 p. m.

It costs you absolutely nothing to receive a free ten-day test supply of the herbal muscle-ionic "Plapao," and to examine and have demonstrated to you privately—a scientific self-treatment, which so many others attest under oath rid them of their rupture and saved them from the knife.

FREE—PLAPAO—FREE

Stuart's Plapao-Pads are patently different from the truss, being mechanico-chemical applicators made self-adhesive purposefully to keep the muscle tonic called "Plapao" continuously applied to the affected parts, and to minimize danger of slipping and painful friction. Fabric soft as velvet—easy to apply—inexpensive. During 16 years thousands have successfully treated themselves at home—without hindrance from work. Awarded Gold Medal, Rome, Grand Prix, Paris and Honorable Mention, San Francisco. Process of recovery is natural, so no subsequent use for any kind of support.

BE SURE TO CALL!

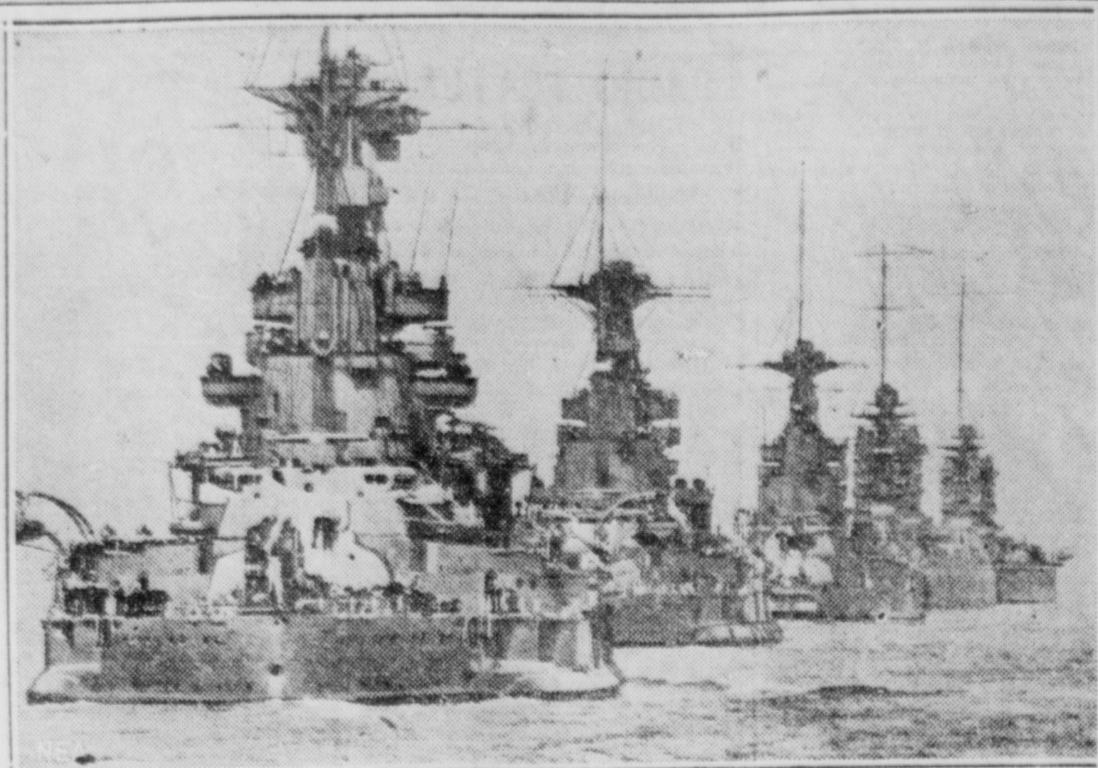

Do not fail to call on Dr. James as you may not have another opportunity for some time.

Remember the time and place.

If not able to call, write for FREE TRIAL PLAPAO. Address: Plapao Co., 988 Stuart Bldg., St. Louis, Mo.—Adv.

## BRITISH BATTLESHIPS PARADE

Squad battleships, shown in fighting formation, as they were seen by King George off Weymouth, England, during fleet exercises, are impressive symbols of British sea power. The tremendous beam of the vessels gives stability to the fighting steel fortresses.

## PLAN TO MAKE IMPROVEMENTS IN GRAIN HERE

posture training has been omitted from the schedule. The women's gymnasium class will be in charge of Miss Mabel Robertson.

Programs for the evening classes are being distributed today through the mail and through the two junior high schools. A program will be given to each pupil in the junior high schools with the request that it be taken home to the parents. There will also be a number of programs on hand at the main office in the high school and in the Administration building on North Main street, as well as the junior college and the elementary schools.

With the exception of the above named changes, the classes will meet Monday and Tuesday in the junior college building, at the Lathrop school Wednesday and at the Willard school Thursday evening.

All evening classes meet once a week beginning at 7 o'clock for a two hour period with the exception of the gymnasium classes which will meet twice a week for a one hour period. No tuition or enrollment fees are being charged but in every case the student is expected to furnish his own text or materials used in the class. In some cases it is necessary to charge a small fee or deposit to cover the expense of materials used in the class, where these are necessary the fees will be explained and collected by the teacher.

A Parent-Teacher association lecture course will be offered by the adult department in much the same way as it was last year. Lectures will be scheduled approximately once a month, on Friday nights. These schedules will be announced through the papers from time to time.

Twenty-four American league pitchers are on the current rosters of National league teams. Most of them are finding regular work on the mound, too.

## SURRENDERS SELF ON THEFT CHARGE

Robert T. O'Brien, 27, of 607 North Camden Drive, Beverly Hills, one of three men wanted here on grand theft charges in connection with the sale of alleged bogus stock, surrendered to the sheriff's office yesterday afternoon.

Another of the three, Harold Ruark, was arrested by Los Angeles police and turned over to the sheriff's office several days ago. He is free on bail of \$15,000, from Justice Kenneth Morrison's court.

O'Brien made bail last night of \$2500 for his appearance in court next week for preliminary examination.

Officers are still seeking the third man who is alleged to have sold \$2000 worth of stock to Mrs. Anna Biffeld, of Anaheim, who in a complaint charges the stock was bogus.

## ACQUIT MEXICAN AFTER JURY TRIAL

After deliberating for 20 minutes a jury in department one, superior court returned a verdict acquitting Jose Verduco on a charge of having marijuana in his possession.

Verduco was arrested several weeks ago by Sheriff Logan Jackson, his deputies and state narcotic agents when a quantity of the Indian hemp was found in an automobile near the Verduco home.

Placed on the witness stand by his attorney, Z. B. West, Verduco denied ownership of the hemp and denied that he knew anything about marijuana found growing on the property as he had but recently moved to the house near Placentia from Buena Park.

It was testified that Sheriff Jackson found the hemp on the floor of the automobile which was parked under a shed attached to the home of a neighbor woman and from whom Verduco was renting his home.

GLAD HE SMOKED  
HOUSTON, Tex.—Gabriel Francisco, 16, is glad he smokes, even though he is only 16 years old. When he was going to his garage for the family car someone shot a pistol. The bullet struck a tobacco can in Francisco's pocket, stopping when it struck the can.

## Mystery! Suspense!

Into the life of Chick and Gladys Newfangle comes a mysterious stranger. He brings with him what promises to become one of the most exciting and, at the same time, amusing incidents in the carefree existence of this happy couple.

Keep an eye on this stranger. He'll be worth watching, and so will Chick and Gladys, and others who will take part in this new adventure of The Newfangles.

# Suit To Be Filed To Protect County Water Interests

## EXPECT ACTION AGAINST UPPER RIVER COUNTIES

Declaring that James Irvine sr., will file suit to prevent the spreading of more than 300,000 acre feet of water in San Bernardino county from the Santa Ana river, C. Roy Browning, chief engineer for the Irvine company, told members of the Orange County Coast association at Brinkman's cafe, Balboa, last night, that the time has arrived for the committee that publicity at this time might harm.

Browning expressed the belief, however, that the matter can be settled amicably, without going to the courts. He prefaced his remarks by declaring that the county wide water committee of 15 is a "star chamber" organization and that owing to the presence of newspaper men at the meeting he could not divulge plans of the committee that publicity at this time might harm.

The engineer made the assertion that two major water companies are spreading 300,000 acre feet annually in San Bernardino county, using waters that belong to Orange county, and told of other instances of spreading that brought the figures up to a startling total. He declared that if plans of all interests in the upper basin are consummated there never will be any need of a dam in Orange county because there will be no water to spread.

**Expects Cooperation**

"Nearly all of the water that normally belongs to Orange county is being encroached upon," declared the speaker. "We get only returned irrigation water in the summer months in Orange county. And this encroachment is going on at all times. However, some of the controlling spirits in San Bernardino county are in sympathy with the movement to adjudicate the water rights and there is hope that a water program may be arrived at which will be satisfactory to both sections."

"Orange and San Bernardino counties are the most vitally interested in water conservation. We can bring water in from outside sources. Fifty thousand acre feet can be brought in at a cost of \$6,000,000. Fifteen thousand acre feet of that water would go to San Bernardino county and 35,000,000 acre feet to Orange county. If we work together we can bring it about. The replacement in the Orange county basin would bring the levels up to meet present needs and even more than we need at present. But we must remember that a large section of Orange county is still undeveloped because of the lack of irrigation facilities."

Hugh T. O'Connor of Los Alamitos, chairman of the association's water conservation committee, had called upon Browning to speak for the Committee of Fifteen. In his own report he declared everything "is going merrierly."

"The towns below Laguna Beach are getting water," he continued. "We have time to sit back and wait until the issue comes up. We have a fine committee of experts at work and we are nearer than ever to getting a bond issue."

**Drilling Controversy**

Two factions from Huntington Beach set the stage for a battle royal over the question of tidal-land drilling at the October meeting of the association in Huntington Beach, when D. R. White, representing the drilling interests, introduced a resolution that would put the association on record as favoring initiative measure No. 11, permitting the drilling at Huntington Beach. He had the secretary, Harry Welch of Newport Beach, read a resolution adopted by the city council of Huntington Beach which declared that 680 qualified voters favored the bill.

White declared that three-fourths of the citizens of Huntington Beach favored the measure. C. G. Ward declared White was mistaken; that only one-fourth of the people now favored beach drilling and that by election day none would favor it. James Macklin, of Huntington Beach, representing the Southern California Swimming association, read a letter attacking the measure and making a plea for the conservation of "the people's greatest natural playground."

Lew H. Wallace of Newport Beach, who had been selected chairman in the absence of President Jesse A. Armitage of Sunset Beach and Mayor Thomas F. Murphy of San Clemente, first vice-president, both of whom were indisposed, referred the resolution to the committee on legislation.

Mr. C. G. Huston, of Costa Mesa, expressed the hope that the association would take no action on the resolution, when it was reported, but said it would be of benefit to the voters to hear both sides of the question.

**Christmas Lights**

Dr. Huston was given the right to reserve 30 minutes on the next program at Huntington Beach on October 18 for a report and discussion on the question of Christmas-trees lighting along the Orange county coast line from Seal Beach to San Clemente and suggested that Long Beach and cities and towns as far south as San Diego be invited to join the movement. Charles Crawford suggested the slogan "One Hundred Miles of Christmas Lights," which met hearty approval.

The meeting was called to order by Secretary Welch and after Wallace had been put in the chair, a committee composed of Hugh T. O'Connor, chairman, and J. P. Greeley of Balboa, was named to visit the bedside of President Armitage and convey the best wishes of the association. He was declared to be seriously ill.

Secretary Welch announced that the Long Beach Chamber of Commerce was revamping a map showing routes into California and which was objected to by San Diego and Orange County coast interests.

On motion of Dr. Huston the secretary was instructed to write a letter to V. D. Johnson of Orange expressing the appreciation of the association for the publicity given to the coast section of the county.

On motion of Charles R. Furr, of Huntington Beach, Roy Langley, Santa Ana oil man, was elected to membership.

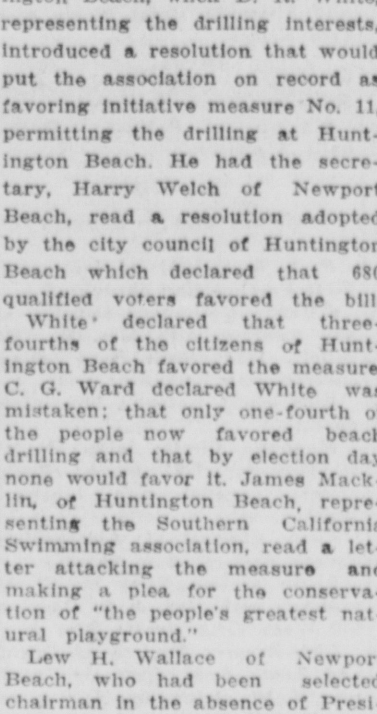

Ray Baldwin of the Long Beach Chamber of Commerce reported that a celebration will mark the opening of the new highway bridge across Alamitos Bay when it is completed.

Roy Browning asked for a discussion at the next meeting of initiative measure No. 9, aimed to relieve property owners of some of the burden of school taxes. Browning spoke against the measure.

It was announced that the Christmas meeting will be held at Seal Beach.

## LEGIONNAIRES ON PARADE

Shown here is part of the great American Legion parade through the daily decorated streets of Portland, Oregon, during the recent national convention of the Legionnaires. The annual parades are high spots of the convention and attract great interest.

## BOARDS VOICE OPPOSITION TO REPEAL MOVE

Action was taken by official representatives of Christian churches of the Santa Ana district, at a meeting in Fullerton last night, opposing repeal of the Wright act. Churches represented were Santa Ana First, Santa Ana Orange Avenue, Fullerton, Anaheim, Orange, Whittier, Brea and La Habra, with a total membership of approximately 4000.

The motion, which was unanimously adopted, was made by M. E. Bivens, chairman of the board of the First Christian church of Orange, and was seconded by C. C. Chapman, of Fullerton, who was the speaker of the evening at the district meeting of official boards of the churches of the district. Individual work as well as mass action in support of the Wright act in the November election was urged by the Rev. John Wesley Runyon, pastor of the Brea church, who presided at the meeting.

Chapman's address followed a fellowship dinner served in the Fullerton church and a devotional period led by the Rev. W. S. Buchanan, pastor of the Santa Ana church. He outlined the work of elders and deacons in the church and urged more devotion to the work of the church. "The world would go to pieces today if it were not for the influence of the church," he said. Chapman has been a member of the official board of the Christian church for 57 years.

Announcement of a picnic for all Sunday schools of the district on October 1 at Irvine park, under direction of the Rev. Franklin Minck, pastor of the Orange church, was made at the meeting last night.

Those attending the meeting from Santa Ana included M. D. Haskell, T. D. Knights, Fleetwood Bell, A. W. Gerrard, Henry Haskell, Ross Taylor, Dr. W. E. Dixon, J. J. Williams, George Gould, Andrew Hansler, John Mills, Paul Neff, Charles Wagoner and the

## Man Who Received Too Much Change Returns \$5 Check

Jim Detrixhe, proprietor of the Green Cat cafe on North Main street has found an honest man—believe it or not.

In today's mail, Detrixhe received a letter from Blagden Manning, of Dallas, Tex., enclosing a check for \$5.

The letter explained that Mr. Manning and his family stopped for dinner at the Green Cat on the Sunday preceding Labor Day and then when they paid their check, they were given \$5 change more than they should have received, through the carelessness of the cashier.

So Manning returned the \$5. Detrixhe said today he knew at the end of the day that his cash register was \$5 short, but until today could not determine why.

## Potato Disease Control Is Urged

Control of the disease known as stem rot, causing damage in sweet potatoes, would be relatively simple if growers field selected their seed stock before time of digging, according to statement made today by Eric E. Eastman, assistant county farm advisor.

"This disease is carried over from year to year in the sweet potato tubers used as seed," said Eastman. "Seed selected from good, healthy plants will not transmit stem rot. The procedure recommended simply requires going through the field before harvest time, and marking the area from which the seed is to be selected. The seed stock should then be harvested and stored separately. This is a much better method than employing the usual system of taking the small potatoes from the storage bins in the spring and using them for seed."

Rev. Mr. Buchanan, of the First Christian church; and Louis Hoff, James Smith, John Cannon, Hugh Gerrard, Tom Mitchell, Charles Hoff and the Rev. C. F. Martin, of the Orange Avenue church,

## IDENTIFICATION OR ARREST FOR LAW VIOLATORS

Motorists who can not identify themselves properly when arrested by California state highway patrolmen in the future are likely to be brought immediately to jail instead of receiving the usual five day citation, according to a bulletin received here today from E. Raymond Cato, chief, at Sacramento.

The law permits the officer the option of arresting the violator immediately or of citing him to appear for the offense within five days.

Cato's order informs the officer that before such privileges are granted the violator should be required to produce his operator's card and such other evidence which will satisfy the officer that he is the person he claims to be. Fraternal or club membership cards, correspondence or other similar means of identification will be accepted, the order said.

**HOLD FULLERTON MAN ON WARRANT**

Wanted in Bisbee, Ariz., on a felony warrant, Joseph G. Harris, 35, of 127 Glenwood avenue, Fullerton, was taken into custody by sheriff's officers Monday and is being held in the county jail.

The arrest was made on a telegraphic warrant from the sheriff at Bisbee, who merely stated he held a felony warrant for the man. Details of the case are not known, and Harris said he did not know what the charge against him meant.

Bisbee officers are expected here in a few days to return the prisoner to Arizona. Harris declared today that he would fight extradition from California, but admitted, officers said that he might be wanted there for nonsupport.

## FALL PROGRAM IN FERTILIZING ORCHARD TOLD

BY HAROLD E. WAHLBERG (County Farm Advisor)

Economies in citrus production costs are being made today in most orchards, not of choice in many cases but because of necessity. Some of these economies will benefit the trees where excesses have previously been practiced, such as excessive irrigation or too frequent cultivation. And, in some cases, I have seen excesses in fertilizer applications and costs, but of course, these are not so frequent, at least from the standpoint of actual plant food elements applied.

At the present time, the grower is confronted with the question, "what fertilizer program can I practice to reduce costs to a minimum and at the same time reasonably meet the requirements of the tree?" The answer to that question must be based on the present condition and other variable conditions, but for the sake of establishing a type case as a basis for developing a general recommendation, let us consider a normal mature orchard say 15 to 18 years of age.

**Standard Treatment**

Investigations of the research department covering a quarter of a century, and accumulated experience of growers indicate that nitrogen and organic matter are the principal limiting factors of citrus fruit production in most of our citrus growing areas. Two and one-half to three pounds of nitrogen per tree and 6000 pounds of organic matter per acre appear to provide ample plant nutrition to meet the requirements of the normal orchard in the above age range.

The nitrogen supply may be obtained from concentrated sources such as sulphate of ammonia, nitrate of lime, dried blood and other common forms of simple fertilizers. The standard recommended practice is to apply the concentrated nitrogenous fertilizer materials in the spring and early summer months and the bulky organic fertilizers during the summer and fall months. A number of bulky fertilizer materials are now available to the grower for fall application. Some of the more common materials are barnyard, dairy, steer, poultry, sheep and hog manures, sludge, alfalfa hay, alfalfa straw, bean straw and other substances.

The summer and fall months are generally considered the best time to apply these bulky materials because of the less possibility of competition for nitrogen in the process of decomposition.

**Fertilizers Listed**

Average analysis of the various bulky organic materials available for fertilizer purposes show that ordinary barnyard manure contains about 700 pounds of organic matter per ton, best dairy manure 800 pounds per ton, steer manure 1000 pounds, poultry 800 pounds, sheep manure 900 pounds, hog manure 700 pounds, sludge 1000 pounds, alfalfa hay 1700 pounds, alfalfa straw 1640 pounds, grain straw 1500 pounds.

In order, therefore, to supply 6000 pounds of organic matter per acre, it will take the following amounts of each material per acre: Ordinary manure, 8.6 tons; dairy manure, 7.5 tons; steer manure, 6 tons; poultry manure, 7.5 tons;

## NEW ATTORNEY REQUIRED IN TEACHER CASES

Because of his previous opinion submitted in the matter of the status of Miss Bertha Briney and Miss Lois Gould which he reports conflicts with the opinion of the state attorney-general, Deputy District Attorney William Menton, legal advisor for the Santa Ana board of education, last night declined to act in cases now pending against the board in superior court.

The cases are concerned with writs of mandate issued both teachers when they were refused employment this year under the economy program adopted by the board. When they were not re-employed at the beginning of the school year both teachers employed counsel and petitioned for writs which are returnable September 30 before Superior Judge James L. Allen.

In withdrawing from the case Menton told board members, meeting in special session last night, that in view of his previous opinion that both teachers had permanent tenure he believed that as a matter of protection for the board of education and the district attorney's office, his office should withdraw from the case. He is upheld in this opinion, he said, by District Attorney Sam L. Collins.

He pointed out that no matter how hard he might work, should the court ruling be against the board of education both offices might be criticised for not employing outside counsel in the face of his previous opinion.

At the time it was decided to drop Miss Briney and Miss Gould from the teaching staff Menton had advised the board that in his opinion both teachers had acquired the status of permanent teachers.

It was pointed out that there are only two conditions under which the school board may employ outside counsel. Should the district attorney's office decline to act or be disqualified, then the board is empowered to employ new counsel. Members of the board urged Menton to continue with the case but he reiterated that his office declined to act because in the opinion of members of the district attorney's staff, it was disqualified.

A special committee comprising W. M. Burke, Rollo Hays, M. B. Youel, Superintendent of Schools Frank Henderson, and Chairman George Wells, as ex-officio member was appointed for the purpose of employing new counsel immediately.

Menton said that he would cooperate with other counsel in preparing the case.

## SUES EMPLOYER AS RESULT OF AUTO ACCIDENT

Accusing J. T. Worthy, her former employer, so recklessly operated an automobile in which she was a paying passenger that it crashed into another machine, inflicting injuries from which she will never entirely recover, Mrs. Beulah Kanawyer has filed suit in superior court demanding damages totaling \$15,250.

In her complaint she alleges that at the time of the accident she was employed by Worthy as his housekeeper and that part of her salary consisted of transportation to and from her place of employment to her home.

On October 30, last, according to Mrs. Kanawyer she was being taken to her home by her employer. Between 11 a. m. and noon they were driving south on Huntington Beach boulevard, when the crash occurred. The accident was about a half mile from Midway City.

Mrs. Kanawyer received a fractured knee and other injuries. Since the accident she has been suffering from arthritis and has been told that this and a crippled leg will be permanent afflictions.

In her suit she is demanding \$10,000 general damages; \$5000 special damages for permanent injuries and \$200 for doctors' and hospital bills.

## Business Girls Hear T. H. Glenn Talk On Paris

Business Girls of the Y. W. C. A. heard an interesting talk on "Paris" given by Thomas H. Glenn of the junior college faculty, at their weekly dinner meeting held last night in the Y. W. Rooms. Mr. Glenn told of first impressions in Paris, and of the Parisian attitude toward Americans.

Miss Katherine Spicer, president, was in charge of the business session, during which plans were made for a rally to be held at the next meeting Tuesday, September 27. The president will be in charge of the program at this time.

A letter was read from Miss Audrey Chastain, a past president of the club, who has been making her home in Van Buren, Ark., for the past several months.

## Former Orange Pastor Complimented at Reception

The Rev. Dorothy M. Davis, former pastor of the Church of the Fourquare Gospel in Orange was honored guest at a reception given recently when members of the Fourquare church of this city joined in entertaining in the home of their pastor, the Rev. D. S. Meyers, 74 Kilson drive.

Miss Davis is to leave in the near future for Kismu, South Africa, where she will do missionary work.

After an evening of interesting games and contests, refreshments of ice cream and cookies were served. The honoree was presented with many appropriate gifts.

Those taking part in the farewell affair were the honoree Miss Davis, the Rev. and Mrs. D. S. Meyers, Mrs. Issinger, the Misses Emma Williams, Pauline Lindsey, Virginia Thompson, Ruth Broderick, Beatrice Holly, Opal Seiber, Florence Seiber, Marian Lindsey, Clara Johnson, Mildred Eckwall, Mr. and Mrs. R. Dobson, Mr. and Mrs. Roy Dilkey, Mrs. Johnson, Mrs. W. Flockton, Messrs. Walter Wyckoff and Gordon Lindsey.

## Bride-elect Honored At Pretty Shower

Miss Ann Jansma, one of the season's brides-elect, was honored guest at a pretty shower given recently when Mrs. L. De Hoog was hostess in her ranch home near here. Mrs. D. Jansma and Mrs. A. Jansma assisted in entertaining.

An interesting feature of the affair was the presentation of an array of gifts of china and crystal to the honored guest. Refreshments of ice cream and delicious cake were served at tables appointed in orchid and white, with asters contributing the floral note to the occasion.

Those present other than the honoree, Miss Jansma, were her mother, Mrs. J. Jansma of this city and Mesdames M. De Vries P. Hettling, of Hynes; L. Zystra of Venice; P. Koen of Baldwin Park; J. Shaw of El Monte; M. Van Dyke of this city; the Misses Alyce Koen of Hollywood; Ann Dykstra, El Monte; Tryna Van Dyke, Santa Ana, and the hostess group, Mrs. De Hoog, Mrs. D. Jansma and Mrs. A. Jansma.

## Santa Ana League Has Part in All Day Institute

With Miss Edith Rockwood, secretary of the department of public welfare in government of the National League of Women Voters, as the speaker, an institute was conducted at San Pedro yesterday by members of the Santa Ana, San Pedro and Long Beach Leagues of Women Voters.

Those attending from this city were Mesdames C. H. Stanley, Louise Mock, A. J. Knight, Carrie Watson, G. Sharp, E. C. Wilson, A. Lagasse, William Whitehead, Virgil Clem, J. D. Campbell and J. H. Brown. Having a larger attendance than the other two cities, Santa Ana won the large cake offered as a special award.

Miss Rockwood arrived in Los Angeles September 16 for the southern conference of the California League of Voters, and has been a guest of Mrs. George B. Mangold, chairman of the child welfare department of the national league. Miss Rockwood started northward today and will hold an all-day school at San Luis Obispo tomorrow, at Carmel, September 25 and at San Francisco September 26 and 27. The northern conference and executive council of the California league will be held in the bay city at this time.

Miss Rockwood has been active in the work of the league since 1925. Before joining the staff of the national organization in 1930, she served as public affairs secretary of the Illinois League of Women Voters, where in addition to her other duties she collaborated in the preparation of a number of publications dealing with phases of government. For the national league, Miss Rockwood has written in the past two years, "The Community Care for the Health of the Mother and Young Child." In collaboration with Mrs. Elwood Street, she has written "Social Protection Work of Public Agencies with Special Emphasis on the Polio-somnolent."

## YOU and your Friends

Mr. and Mrs. Verne Bishop of Costa Mesa left this morning for Glendora for a week's visit with Mr. Bishop's sister, Mrs. Milda Branson.

Mrs. Alta Cook is recovering from a severe illness at the home of her niece, Mrs. Harry Harlow, 1928 North Ross street, and is now able to receive her friends for brief calls.

Dr. and Mrs. J. L. Stephenson and Miss Ruth Stephenson, 433 West Santa Clara avenue, have returned from Los Angeles where they were week and guests in the home of Mrs. Stephenson's brother.

Miss Betty Maloney, 930 South Broadway, has gone to Los Angeles to be the guest of friends until early next week when she will return home to complete her plans for leaving at an early date to enter Stanford university.

Miss Anna M. Gilles of South Ross street, who last year was teacher of art at Santa Ana junior college, left Monday by automobile in company with her nephew, for the east, and will sail November 9 from Baltimore, Md., on the "City of Baltimore," a mail line boat, for Hamburg, later to enter the university in Munich for a year of study.

En route to the east, Miss Gilles was to visit her father in Lena, Wis., relatives in Chicago and a sister in Bridgeport, N. J.

Mrs. Charles Turney and sons, Raymond and Robert have returned to their home in San Bernardino, having spent the past two weeks with Mr. and Mrs. Adolph Erickson, 1041 West Sixth street.

Friends of Mrs. Verne Harrison, (Evelyn Patmor), will be interested in learning that she is reported as improving from a recent illness at the home of her parents, Mr. and Mrs. E. Patmor, 930 South Birch street.

Mrs. M. C. Williams, 719 Orange avenue, and Mrs. Harvey Riggs, 723 Orange avenue, spent today in Los Angeles.

Mrs. A. E. Bates has moved from 519 West Second street to 1014 1-2 West Pine street.

Mr. and Mrs. R. A. Cashion, 915 West Fifth street and Mrs. Hatlie Kimball and Mrs. Ida Kimball, 701 West Third street, have returned from Phoenix, Ariz., where they spent a few days. They were accompanied home by Mrs. Cashion's sister, Mrs. Jean Cape, who will be a guest here for about two weeks.

There will be a joint installation of officers of the American Legion and auxiliary tomorrow night at 8 o'clock in the Legion hall.

Certificates and score cards, for babies who were entered in the baby show conducted by Women of the Moose, can be had by calling at the Moose hall, 308 1-2 East Fourth street, it was announced today.

## Orient is Interpreted In Pictures, Music And Informal Talk

When Mary Ferris Swan of Los Angeles, yesterday afternoon quoted a Chinese saying that "A picture is music and music is a picture," to show the Oriental conception of the unity of the arts at a studio tea given by Mr. and Mrs. Clarence Gustlin in the Gustlin studio on North Sycamore street, she gave the words a remarkable exemplification in the informal talk and the exhibit of some of her water colors and pencil sketches of China.

For guests bidden to share the afternoon, found Mrs. Swan's talk, a series of pictures, while her pictures themselves were harmonies and melodies transferred to paper.

Borglum Anecdotes  
The arts were further allied by the setting given the hospitality and by the interesting things preceding Mrs. Swan's talk. For all guests were greeted by Mr. and Mrs. Gustlin, and the former had established the artistic atmosphere of the afternoon by two piano pictures, the "Watteau Paysage" of Godowsky, and Liszt's "Sposas."

Miss Blanche Collings was prevailed upon to give some of her personal recollections of those two famous brothers who once made their home here and in Sierra Madre, Gutzen and Solon Borglum. She also called attention to some of the examples of Solon Borglum's work, a small plaque with the design in low relief, and a study of a Great Dane, a household pet in the Borglum family.

Before the presentation of Mrs. Swan as a speaker, Mr. Gustlin suggested the Orient by additional piano solos, "Sunset in a Japanese Garden" (Faye Foster) and the daintily modern "Chinese Quarrel" of Walter Nienman.

Mrs. Swan was introduced by Miss Perle Eddy, who is arranging some of her lecture engagements and exhibits, and for the remainder of the afternoon, guests were transported to the Orient by her magic. Fortunately, in having lived in China since 1912, she had approached her experiences and contacts with the Orient, with a mind apparently free from bias and prejudice, and her summing up of the Chinese character was a wonderfully interesting one.

Oriental Characteristics  
The fundamental honesty of the race, its modesty, its pride in a civilization that has endured for 40 centuries; the profound religious instinct with the accompanying worship of "God in His heaven," the respect for the family unit; veneration for virginity, for motherhood and for age, were some of the characteristics which she cited as making the Chinese one of the most admirable of all peoples.

Another interesting point brought out, was the dignity accorded agriculture, and she described the annual ceremony whereby the emperor himself plows the first furrows in a field at the Temple of Agriculture, and sowed the seeds of grain to be harvested.

Her pictures were shown to a running accompaniment of explanation in which the values of Imperial yellow for palaces of the rulers, rose tones for temples; the dominant blue of coolie garments; characteristic architecture in which might be traced the nomadic influence of the very beginnings of the race; the gracious curves of more southern architecture, all had a part. Perhaps the picture of a Buddhist priest, withdrawn from the world and its influences, called forth an exposition of the serene contemplativeness of the priesthood; or one of a Confucian scholar, gave rise to an outline of characteristics and beliefs, that proved quite fascinating to her audience.

Pictures to Remain  
Incidentally the collection of pictures by Mrs. Swan, will remain on exhibit in the Gustlin studio for another week, so that anyone interested, may stop and see them.

Guests were given the opportunity to meet Mrs. Swan informally at the tea hour, when Mrs. Gustlin, assisted by her mother, Mrs. J. H. Medlock, invited them to an adjoining room for fragrant jasmine tea, poured by Mrs. Lloyd R. Chenoweth. Chinese sweets, rice cakes, crisp little salted tidbits, candied fruits and other unusual delicacies were served by Mrs. Hugh Plumb, Mrs. Elmer Heidt and Miss Dorothy Maxwell.

It was interesting to note among the guests, such artists as Evelynia Nunn Miller, now of Los Angeles, who had spent a number of years in the Orient, studying, teaching and painting, and Ada May Sharpless (Mrs. John Lillano) of Los Angeles, whose sculptures are winning her such fame.

## Girl Scouts Change Meeting Day to Friday

Beginning next week, Girl Scouts will have their meetings each Friday after school instead of Monday, it was decided Monday afternoon at the meeting held in their headquarters on Richland avenue.

Plans were discussed for the swimming meet to be held Saturday evening at 7:30 o'clock in the Y. M. C. A., with only Girl Scouts taking part. All interested in watching the girls participate in a variety of swimming relays are invited to join the spectators.

The girls decided to start a camp saving fund, so that by next summer they will have saved an adequate sum for their camp expenses.

First aid work was started Monday with the aid of Mrs. R. R. Ruckel, directing. What to do in case of fainting, artery cuts, accidents, etc., was discussed. Group singing was led by Miss Charlotte Mock. Miss Schultz, a former Girl Scout worker in Indiana, was present at the meeting.

When Sweet Pickles Shriveled Up  
Pickles are our burning question today—sweet cucumber pickles. It is exact, made from the tiny little fingerlings called gherkins; some one writes in complaining that her sweet cucumber pickles shriveled up right after making, even though she followed a good recipe right to the dot.

I just wonder if the fault doesn't lie in soaking these little cucumbers in brine all night, then throwing in them into boiling hot pickling syrup? Even sliced cucumbers soaked in iced salt water will limp when taken out of the water. So-o-o, the fault may lie in the salt. Let's make a few changes in the cucumber pickle recipe given here.

PICKLED GHERKINS  
4 quarts gherkins  
1 large red pepper, sweet  
1 quart pickling onions  
2 large green peppers  
Cider vinegar, 8 to 10 cups  
4 cups brown sugar  
1 tablespoon whole cloves  
1 tablespoon whole allspice  
2 tablespoons each mustard and celery seed  
1 ounce crushed cinnamon bark  
Wash and prepare the gherkins. Place them in a crock and in the center put a big chunk of ice. Make a mild solution of alum (1 teaspoon in each quart of water) and let the cucumbers stand in this all night. Drain and rinse in the morning. The onions and green peppers are prepared and likewise soaked all night, but in salt water; they too are drained but not rinsed.

Pack the pickles in jars and for each quart allow 2 cups of vinegar. Bring to a boil with the sugar. Bring to a boil with the sugar of cheese cloth containing the spices and let this slowly simmer for 30 minutes. Remove the bag, boil up the pickle and pour over the vegetables, jars standing in hot water. Seal and do not use for at least two weeks.

## TODAY'S RECIPE Baked Apple Salad

4 large apples  
1-2 cup sugar  
1 cup water  
6 red cinnamon candies  
1 celery heart chopped  
6 walnut meats chopped  
6 stuffed olives, chopped  
Any preferred salad dressing  
Lettuce for garnishing

Let the apples which will not go to pieces in baking. Peel and core them, scooping out more core than you would for ordinary purposes. The use of the cinnamon candies is for color and flavor, but optional; if you have them use them. If not, forget about them. Make a syrup of the sugar and water, add a little butter to it and use this to bake the apples. When they are done but still firm, cool them and stuff with the finely chopped celery, walnuts and stuffed olives.

If the holes are larger and the salad stuffing not enough, increase the nuts and celery but not the olives.

Serve on lettuce with a creamy mayonnaise. This is a luncheon salad and never a dinner salad. With yesterday's hot Date Corn Muffins this salad would provide a perfect meal.

Each stuffed apple dressed with 1 tablespoonful of mayonnaise has calories totaling nearly 400. Energy makers predominate, needless to say.

SUM'SHOT HOT DESSERTS  
The current leaflet, offers you four of the standard hot desserts that have been prime favorites from time immemorial. This week the recipes are offered free of charge if you will just enclose a stamped, self-addressed envelope with your request.

Thursday's recipe will be a Spinach Cheese Roll.

ANN MEREDITH.

## Hermosa Chapter Plans October Observance

Hermosa chapter of the Order of Eastern Star will celebrate the 44th anniversary of its founding when it next convenes at the Masonic temple on October 3, according to arrangements discussed by members Monday night. The evening's celebration will be termed "Past Matrons and Past Patron Night" and will be in special tribute to those officers.

A description of the Eastern Star home under current construction on Beverly boulevard, Los Angeles, was offered the chapter by Mrs. Maude Bradley, who displayed a miniature replica of the building.

A number of out of town visitors were present at the recent meeting, at which Mrs. Ora L. Schieber was welcomed as a new member.

Following the customary business interim, of which Mrs. Lois Ostermann, worthy matron, and Z. B. West, worthy patron, had charge, refreshments were served.

## Indian Ceremonials Explained in Talk By Chief Albanas

An engrossed audience of more than 70 persons was initiated into the mysteries of Indian lore by the leader of the United Mission tribes of San Diego county, when Chief Joe Albanas addressed guests of Mr. and Mrs. E. M. Nealley in their Tustin avenue residence in Tustin last evening.

A dinner arranged in honor of the Indian visitor, who will return to his tribes at the foot of the Palomar mountains in two weeks' time, preceded the informal assembly. Guests at the dinner included Messrs. and Mesdames Frank A. Henderson, D. K. Hammond, Terry E. Stephenson and Mrs. Robert C. Northcross.

Chief Albanas is assisting John Herrington of the Smithsonian Institution, authority on the American Indians and Indian language, with the latter's compilation of explanatory footnotes for the book, "Chingichinich," dealing with the history of Indian missions in this vicinity. The book is being published in the Santa Ana high school and junior college printing department under the direction of Thomas E. Williams.

Questions concerning phases of Indian life ranging from the Fire dance to the imbibing of toluache, Indian drink, were proposed by members of the audience and answered at varying length by the visiting chief. The Indian's explanations were colorfully supplemented by several native chants, including that by which the tribes supplicate rain.

Over a period of nearly two hours Chief Albanas satisfied the curiosity of his audience on such matters as Indian beliefs and superstitions; the nature of the Tawish, spirit attributed power to steal away evil spirits from the sick, and believed to exist in the San Jacinto mountains; the Eagle dance, for which eagles are caught when young and burned after a death in the tribe.

Dances Described  
The speaker also explained the Fire dance, which is to be given at the old Tibbets residence in Riverside on some date after the full moon in October; the Sahovit, a dance believed to aid a city or people in driving away sickness, and the custom of roasting by actual flame boys and girls in the tribe upon reaching the age of 18, when they are formally advised concerning proper conduct and behavior.

Special attention was accorded by the chief to the forms of religious practice observed by his tribes, this subject being treated in particular detail by Chief Albanas and constituting the bulk of an address outstanding from a standpoint of instruction and color.

## Santa Anan Returns From Berkeley

Mrs. C. S. Williams, 819 North Baker street, has returned from Berkeley, where she spent the past three weeks with her son and daughter-in-law, Mr. and Mrs. Alva Williams. Alva Williams is a junior at the University of California.

The Santa Anan made the trip in company with her son-in-law and daughter, Mr. and Mrs. G. S. Helms of Los Angeles, who continued on to Oregon to visit with relatives and friends. They stopped at Berkeley on their way home, and Mrs. Williams returned to this city with them. Mrs. Helms will be remembered as Miss Merle Williams of this city.

Mrs. Alva Williams was formerly Miss Evelyn Thomas Covell of Santa Ana.

## Jaycee Sportswomen Plan Rally Events

Tentative plans for a basketball rally as well as rallies for tennis, archery, and swimming were made Monday afternoon when members of Santa Ana junior college Women's Athletic association cabinet met in Andrews' gymnasium.

Discussions of the qualifications of various women for the position of managers on the different teams were brought up and nominations of a new secretary were made. Nominated were Miss Shirley Day and Miss Hazel Spencer. They will be voted upon within a week by members of the W. A. A. Officers of the association are Miss Ernestine Wakeham, president; Miss Helen Bower, vice president; Miss Florence Turner, treasurer, and Miss Zena Leck, advisor.

## Church Societies

Eteri Club  
The first fall meeting of the Eteri club was held Monday night at Ebeli clubhouse, under the auspices of Calvary church. Miss Irene Hunter of the Bible Institute at Los Angeles, gave an interesting talk.

Twenty-one members and friends attended the affair, which opened with a covered-dish dinner served early in the evening. A social time followed.

## Hostess Honors Father At Bridge Party on His Natal Day

In entertaining a group of friends at bridge on Saturday evening, Mr. and Mrs. Milton Foster, of 1242 Cypress street, paid a special compliment to Mrs. Foster's father, William Umberham, in recognition of his birthday anniversary.

For Mr. Umberham speedily discovered that he was the principal guest of the evening, since every detail of decoration and entertainment tended to emphasize birthday features. Bridge sessions which speed the evening hours, seemed to carry the theme still further, for fate smiled on the honor guest who made high score of the games, and thus received first prize for men.

First prize for women players went to Mrs. B. E. Dawson, while consolation gifts were awarded Mrs. Cecil Cartwright and Herman Schacht.

To conclude her hospitality, Mrs. Foster arranged the card tables attractively with linen cloths and clusters of vivid pink carnations for serving angel food cake, cookies and coffee. A handsome cake was inscribed with birthday greetings as a compliment to her father and honor guest, and then as a climax to the happy evening, he had the additional surprise of many packages to open containing gifts selected by the guests.

In the party were the hosts, Mr. and Mrs. Foster, Mr. and Mrs. William Umberham, Mr. and Mrs. C. E. Jackson, Mr. and Mrs. Richard Gallagher, Mrs. B. E. Dawson, Mr. and Mrs. Cecil Cartwright and Herman Schacht.

Among outstanding experiences were their presence in the Mormon tabernacle in Salt Lake City when Franklin D. Roosevelt delivered his recent address; their visit to the world fair buildings in Chicago, and their viewing of the spot in the Rushmore mountains, in the Black Hills of South Dakota, where the pictures of Washington, Lincoln and Jefferson are being carved. This latter work is being accomplished under the supervision of Gutzen Borglum, famous sculptor, who directed a similar work at Stone Mountain, Georgia. A 500-word history, written by Coolidge, is being inscribed on the hills with the three carved pictures, the Forceys further explained.

Of personal interest to Mrs. Forcey was her discovery of her father's name in a list of officers inscribed upon a monument erected to Pennsylvania soldiers on the Gettysburg battlefield.

Mr. and Mrs. Forcey paused also, for varying periods, at Washington, D. C., the Grand canyon and Yellowstone, before turning definitely toward California.

## Birthday Observed With Informal Luncheon

Mrs. John J. Mills was hostess at a pretty luncheon Monday afternoon when she entertained in her home, 1069 W. First street, honoring the birthday anniversary of Mrs. Dale H. Elliott.

Those taking part in the informal affair were Mrs. Elliott and little daughter, Onnolee; Mrs. George Calhoun and Mrs. Mills and children, Martha May and Charles, of this city; Mrs. Fred Perryman and little daughter, Helen Louise of Pomona.

Mrs. Mills served a delicious three-course luncheon at a table appointed in pink and white, with a lovely pink birthday cake centering the table where tall tapers were used in lighting. Following the luncheon, the group spent the time sewing.

# Late News From Orange And Nearby Towns

## MAKE VISIT TO 1200 HOMES IN CHURCH SURVEY

ORANGE, Sept. 21.—A church census was made yesterday when 32 workers from various churches canvassed this city to ascertain the number of families attending church and their affiliations. Cards were distributed among the workers and 1200 homes were visited, the census being finished by noon.

A breakfast at the Epworth hall of the First Methodist church preceded the canvass, which was directed by R. C. Patton.

It was found by workers that 400 families had changed their addresses during the year and that 350 were away at the time of the canvass. The canvass revealed that there are 23 denominations in the city of Orange, Evangelical Nazarene, Latter Day Saints United Brethren, Unitarian, Four Square Gospel, Free Methodist, Christian Science, Catholic, German Methodist, Mormon, Mennonite, Assembly of God, Mount Zion Jewish, Calvary, Presbyterian, Full Gospel, Spiritualist, Christian, Congregational, Rosacrusian society, Lutheran, International Bible school, Methodist, Friends, Church of Christ and Seventh Day Adventist.

Less than 100 persons stated that they had no church preference or membership, workers reported.

## 25th Anniversary Is Celebrated At Surprise Affair

ORANGE, Sept. 21.—The 25th wedding anniversary of Mr. and Mrs. R. Bahr, 352 South Pixley street, was incentive for a surprise party given in their home recently by friends and relatives. The guests presented Mr. and Mrs. Bahr with gifts. At the close of the social evening, refreshments were served.

In the group were Mr. and Mrs. P. E. Barnes, Mr. and Mrs. J. W. Tulene, Mr. and Mrs. J. Truemper, Mr. and Mrs. J. Jordan, Mr. and Mrs. E. Schaefer, Mrs. Orla Wade and daughter, Shirley; Mrs. Winfield Ligon, Mrs. Lily Conright, Mrs. Bessie Edge, Mrs. E. E. Gould, Mrs. W. H. Dwyer, Mrs. O. C. Dwyer, Mrs. Bessie Leutinger, Miss Emma Duker, Mrs. L. Berge, Mrs. M. and Mrs. L. Berge, Mrs. E. E. Jones and the honored guests, Mr. and Mrs. Bahr.

## Guild Members Sew On Dresses

ORANGE, Sept. 21.—Members of the Alice Lewis guild of the First Presbyterian church held a sewing meeting Monday evening in the church. They spent the time working on print dresses and layette for needy families of the community. The business session was in charge of the president, Mrs. Vern O. Estes.

Those present were Miss Edna Case, Mrs. Carl Pister, Mrs. Wilbur Carpenter, Mrs. Lois Davis, Mrs. Arthur Day, Mrs. Nightengale, Mrs. Arthur Spencer, Mrs. Edwin Wescott, Mrs. J. T. McInnis, Mrs. Eneley Campbell, Mrs. Vern O. Estes and Mrs. C. I. Thomas.

The next meeting of the guild will be held October 3.

## Arrange For Program Of Church Body

ORANGE, Sept. 21.—The program to be given by St. John's Senior Walthers league September 30 has been selected by a committee headed by Miss Lenora Peters. Plays to be given will be "The Burglar" and "Between Trains." Miss Ella Bandick and Nelson Struck are to play the two roles in the latter and members of the casts for the pantomime, "Dreaming," and the first named play will be selected by Monday.

The musical program will be in charge of E. E. Wunderlich and accordion numbers are to be given by a young Italian boy of China. The proceeds from the affair are to be given to the church and a free will offering is to be taken.

## First Card Party Of Club Section Set for Thursday

ORANGE, Sept. 21.—The first card party of the year to be given at the Orange Woman's clubhouse will take place tomorrow afternoon, when the event will be sponsored by the Second Economics section of the club. Tables are in charge of Mrs. N. T. Edwards; refreshments, Mrs. Anna Elmer; and prizes, Mrs. C. O. Oldfield. Three prizes are to be offered.

## Assembly Due At School Thursday

ORANGE, Sept. 21.—A football assembly is to be held at the Orange union high school tomorrow at 1:20 p. m., the gathering being the first assembly held this year. Harper Housley, student body president, will preside. A football game will be played between Orange and Santa Ana at Santa Ana Friday.

## Plan Dance In New Clubhouse

BARBER CITY, Sept. 21.—Those who have combined in the effort to build the community clubhouse include A. N. Olson, J. Horn, R. Huber, H. Dollahide, Joe Dollahide, Hugh Goble, R. Slate, Walter Beckman, Mr. Upham, Mr. Spell, Jules Sennece, Howard Melvin, Matt Cochran and Jess Johnson, while F. Johnson has been in charge of the building operations.

An orchestra has been secured for the "hard time" dance announced for next Saturday night, the Brown brothers, who formerly were with the Bill Estes Harmony boys, radio entertainers, having been engaged.

The clubhouse opening is set for Thursday evening, with a pot luck dinner at 6:30 o'clock.

**BUY SWEET SHOP**  
PLACENTIA, Sept. 21.—Mr. and Mrs. John Kelloff are operating the Sweet Shop, having purchased the store from Mr. and Mrs. Clay Minix. Mr. Minix is in Santa Fe hospital. Mrs. Minix has returned to visit her mother for a time in Santa Ana.

Don Milligan, assistant pastor of the Calvary church, is attending the Los Angeles Baptist seminary this season.

## OLD 3-PIECE BEDROOM SET IS EXHIBITED

ORANGE, Sept. 21.—H. S. Housley received a letter recently from the secretary of the Centennial held in Philadelphia in 1876 giving the history of an antique bedroom suite which he has on exhibition in his store on South Glassell street. Mr. Housley wished to obtain definite data on the old furniture, which was awarded first prize in the antique class in Philadelphia that year.

The secretary in answering the letter written by the Orange man, stated that he would send a full history of the bed for the sum of \$10 and that he was obliged to charge this amount as he was an aged man and made his living in this way.

The bedroom suite was entered in the centennial exhibition, which was the first world's fair, by Isaac Nadeau, of Los Angeles, who at one time owned a large part of Los Angeles county and was proprietor of the Nadeau hotel in Los Angeles. The suite was bought in Italy for Nadeau and sent around the horn. It was considered very old at the time of the Philadelphia centennial. The exact history of the furniture has been lost by Nadeau's grandson, K. D. Powell, of this city, who owns the suite.

When the suite was sent to Philadelphia from California its history and the date it was made were known. The bed is of Circassian walnut, found only in Europe, and the commode and dresser are topped with Italian marble of a lovely soft grey veined with yellow and mauve. The dresser and the commode curve inward and both dresser and bed are nine and one-half feet high. Beautifully hand carved ornaments are on all three pieces and on the two larger pieces at the top, is placed a niche about a foot high to hold either a crucifix or the statue of a saint. The lines are simple yet massive and the furniture forms a decided contrast to the American walnut pieces beside it.

The mirror is set in the dresser, with high drawers with ebony handles on each side. The glass is about six feet high and more than two feet in width.

A picture which it is thought to have hung in the grill of the Nadeau hotel is also owned by Powell. It is made of some sort of composition and the design is raised. It portrays early days in California.

## PLACENTIA SCHOOL TEACHER RESIGNS

PLACENTIA, Sept. 21.—Although Mrs. Marjorie Fox has resigned as a teacher, members of the Placentia school board do not plan to employ another teacher to fill the place until readjustments are made, particularly in view of the fact that enrollment is 41 short of the first day last year, and is spotty, with large enrollments in some and extra small in other grades.

No reason was given for the resignation of Mrs. Fox, who was scheduled to teach high eighth grade at the Bradford avenue school. Her resignation was announced by Superintendent Glenn Riddlebarger.

Enrollment was 821 against 865 the first day last year, it was found in totaling the school registers named last night. Because the requests at Baker street and Richfield schools are scant for half-day sessions a full time schedule is in operation from the first of school. For many years students have had morning sessions and have been permitted to pick walnuts in the afternoon at the opening of school.

Mrs. Lucy Robinson is handling eight one in the absence of the scheduled teacher, Mrs. Fox.

## ORANGE PERSONALS

ORANGE, Sept. 21.—Miss Grace Ellen Lee, East Palm avenue, has resumed her studies at Santa Barbara State Teachers' college where she is a senior.

Guests this week in the home of Mrs. Jay Green, South Center street, were Mr. and Mrs. Frank Hicks, of Long Beach; Mr. and Mrs. Roy Cox, of Garden Grove; Mr. and Mrs. John Beisel, of Sanville; and Richard K. Leutinger, of Orange, all former residents of Iowa.

Mr. and Mrs. Noel Newtor spent Monday in Los Angeles. Miss Ruth Brubaker, daughter of Mr. and Mrs. A. M. Brubaker, and Miss Elsie Eckhoff, daughter of Mr. and Mrs. Fred Eckhoff have enrolled at Santa Barbara State Teachers' college.

Miss Marion Linnert, daughter of Mr. and Mrs. Otto E. Linnert 406 South Glassell street, is reported as getting along nicely following an operation which she underwent recently at St. Joseph's hospital. She has been at her home here since she returned from the hospital Saturday.

Mr. and Mrs. Harris Parks Miss Margaret White and Car White left today for their home in Irwin, Ky., having spent the past few days in the S. W. Todd home, West Chapman avenue.

Mrs. Emma J. Behler returned Tuesday to her home in Tulare after a two weeks visit in Orange, and Mrs. F. B. Maxwell, 101 Buena Vista.

Mr. and Mrs. Warren D. Moore 222 West Palmyra avenue, had as recent visitors, Mr. and Mrs. John Jacobs Jr. and Mr. and Mrs. J. Jacobs, of Long Beach.

Dr. D. Philip Dudley, who has been at the Grand View sanatorium near Whittier since November, spent a recent day here with his wife, Dr. Isabel H. Dudley, 174 South Orange street. He is reported as getting along nicely. Dr. Isabel Dudley had as guests Tuesday, Dr. Edith Iona Moon, Mrs. Irene Moon and Miss Edna Moon, of Los Angeles.

Mr. and Mrs. John Hirst, 448 North Center street, have as guests, Mr. and Mrs. Frank Eppler, of Burlington, New Jersey, who arrived here Tuesday.

Paul Mueller has left for Indiana to resume his studies in law at the Valparaiso university. Mr. and Mrs. L. O. Law, 505 South Grand street, left Tuesday for New Mexico and Kansas to visit relatives and friends.

O. C. Cook, of Inglewood, has purchased the shop at 195 South Glassell street, which was operated by the late Floyd W. Parish. Parish, who at one time was mayor of Huntington Park and who was in the lumber business there, had lived here but a short time before he was killed in an accident in Long Beach, on September 3.

Scepter chapter O. E. S. will meet tomorrow night in the Masonic hall, when a 6:30 o'clock dinner will be served before the regular meeting. Scepter Circle members will be entertained in the home of Mrs. Lucien Filppen September 27.

**Council Orders Work On Street Dip In La Habra**  
LA HABRA, Sept. 21.—Work on the elimination of the dip in Central avenue at College street intersection was ordered to proceed at once and Duke Hunt, engineer, was authorized to do the engineering work necessary in this job, in the absence of City Engineer J. B. Banks, at last night's council meeting.

The city attorney was instructed by motion to proceed with the necessary steps for the sale of the \$100,000 water bonds, that the work may proceed as soon as possible. The question of eliminating certain street lights as an economy move was discussed and the city clerk ordered to write to the Southern California Edison company, ordering said lights discontinued as marked on the map prepared by the city engineer.

Certain improvements were ordered in the offices of the city hall for more systematic handling of the work.

## Bible Class To Hold Sessions In Ralph Welch Home

ORANGE, Sept. 21.—The interdenominational Bible class, organized here a short time ago, has selected the home of Mr. and Mrs. Ralph Welch, 2609 West Chapman avenue, as a meeting place and will continue to hold sessions there until a change is announced. At the next meeting, to be held Friday at 7:30 p. m., the topic will be the "New Birth." Everyone is invited to be present and to bring friends.

## Window Peeper Given Lecture

ORANGE, Sept. 21.—A 17-year-old Mexican orange picker was given a fine of \$50 in the court of Judge A. W. Swayze yesterday when he appeared on a charge of window peeping. The fine was suspended for a period of six months after the justice had given the youth a lecture on the error of his ways.

The youth was arrested when he was found peering in the windows of a family in the north part of town about 10:30 o'clock Monday night.

## Coming Events

**TONIGHT**  
20-30 club; Robinson's tavern; 6:30 p. m.  
Meeting of committees for young people's banquet; Y. M. C. A.; 7 p. m.  
Women's Relief corps benefit card party; I. O. O. F. hall; 8 p. m.

**THURSDAY**  
Women's Foreign Missionary society of First Methodist church; Epworth hall; dues paying luncheon, noon.  
Card party at Woman's clubhouse; sponsored by Second Economics section of Woman's club; 2 p. m.

**FRIDAY**  
Orange, Sept. 21.—Robert Irwin Gilbreath, 2331 Benton way, Santa Ana, was fined \$10 in the court of Judge A. W. Swayze yesterday on a charge of exceeding the speed limit and traveling 35 miles in a 45-mile zone. He was given a traffic citation by State Traffic Officer H. E. Inge.

## INDIAN TALKS PRESENTED FOR CHURCH GUILD

ORANGE, Sept. 21.—A program on the North American Indian was given last night at the monthly meeting of the Bertha Epilepsy guild of the First Christian church held in the church. Miss Sue Rankin and her group were in charge of the entertainment.

During the business session, in charge of the president, Mrs. Dorothy Ferrin, the group decided on aims for the year, including finance, membership, etc.

"The Appeal of the Great Spirit" was the topic of the program, given in a setting provided by miniature teepees, Indian rugs, pottery, a fireplace and large bouquets of orange flowers. Mrs. Rebecca Pope had provided many of the native baskets, etc., used in decorating.

Mrs. Alice Cole read a paper on "Missionary Annals," after which "Around the Lodge Fire" was given by Mrs. Ferrin, Mrs. Winbiger, Mrs. Floyd Owings and Mrs. Dayton Ditchey. Each one taking part was dressed in an Indian costume and told an Indian legend.

Mrs. Pope gave a talk on "The Mass Veda Indians in Colorado." Several years ago she had visited the ruins where the Indians had lived. She displayed many souvenirs which she had brought from the ruins.

A social hour followed the program. The next meeting will be held October 18.

## SPEEDER FINED

ORANGE, Sept. 21.—Robert Irwin Gilbreath, 2331 Benton way, Santa Ana, was fined \$10 in the court of Judge A. W. Swayze yesterday on a charge of exceeding the speed limit and traveling 35 miles in a 45-mile zone. He was given a traffic citation by State Traffic Officer H. E. Inge.

## Queer Sweet Potato On Exhibition

ORANGE, Sept. 21.—One of the queerest vegetable growths seen for some time is the sweet potato on exhibition in the window of the Chamber of Commerce office. It is the size and almost an exact replica of an ordinary duck. The body and head are almost perfectly reproduced with even the eyes. The potato was grown by R. W. Jackson, at Atwood, and presented to the chamber by Dale Bay.

## OUTLINE HISTORY OF I. O. O. F. LODGE

ORANGE, Sept. 21.—The history of the founding of the Odd Fellows and Rebekah lodges was told in a most interesting way Monday night by Mrs. Fannie Lacy, of Santa Ana, when the Ruby Rebekah lodge met in regular session. Grand officers present gave short talks on the same subject as the meeting marked the 81st founding of the first I. O. O. F. lodge. Mrs. Lacy stated that there are now 10,000 Odd Fellow and Rebekah lodges.

Visitors present included Mrs. Abbie Gould, of Missouri; Mrs. Fannie Lacy, past president of the Rebekah assembly; Mrs. Marie Falcato, of Westminster, district deputy president, and Robert Evans, district deputy grand master. Invitations were read from the Anaheim lodge for a carnival to be held September 27 and for a card party October 7 and for a card party to be given by the Brea lodge on September 28.

A program was given with Mrs. Florence Evans as the program chairman. Two solos, "Homing" and "The Desert Song" were sung by Helen Gillock, with Mrs. Florence Donegan accompanying her. Mrs. Ola Battifoll Hartman played two piano solos.

## NEW OFFICERS INSTALLED BY CLUB SECTION

ORANGE, Sept. 21.—New officers were seated when members of the Third Economics section of the Orange Woman's club met at the clubhouse for cards and tea yesterday afternoon. Hostesses for the afternoon were Mrs. Norval Evans, Mrs. W. H. Palmer, Mrs. H. O. Russell, Mrs. E. D. Pratt and Mrs. Henry Heuck.

Mrs. H. O. Russell, who was re-elected president, presided over the meeting and Mrs. Heuck took the place of Mrs. W. H. Palmer as secretary. Mrs. E. D. Pratt took the place of Mrs. Heuck as treasurer and Mrs. Frank C. Richmond took the place of Mrs. Norval Evans as vice president.

Mrs. R. W. Miller was appointed chairman of the welfare committee for the section. Two new members were added to the section membership, Mrs. C. O. Powell and Mrs. Mary Brandriff. Plans were made for a card party to be held October 18, the section meeting day, and a business meeting and covered dish luncheon will precede the card game. Mrs. George Baler, Mrs. C. E. Short and Mrs. Gerge Seba were appointed a committee to secure prizes for the party. Each member is to be responsible for one table.

In discussing plans for the year's activities, Mrs. Russell suggested that the annual Christmas party on December 20 be made one for children whose parents are unemployed, rather than one for members of the section.

After the informal card games, tea was served in the clubhouse lobby. The tea table was spread with a lovely lace cloth and pale yellow, orange and black candles in low silver candelabrum added an attractive note of color. Deep red American beauty roses filled a crystal bowl at one end of the table.

## A MAGAZINE OFFER For Register Subscribers

Through special arrangement the Santa Ana Register is pleased to offer its old and new readers an unusual opportunity to get many excellent magazines in combination with your favorite newspaper at a tremendous saving.

Select any group shown in the column below. Note that you may have this newspaper, bringing you the daily news events, together with scores of interesting features, and many different magazines, all for only a small sum. If you are already a subscriber to the Register, or to any of the magazines listed, your subscription will be extended at these reduced prices.

## ACT QUICK—MAKE YOUR SELECTIONS NOW—THIS OFFER IS LIMITED

All you have to do is to agree to take the Santa Ana Register for six months in combination with the magazine offer you select and pay the small down payment mentioned opposite each offer. You then pay your regular carrier boy 65 cents each month for six months.

## Special Combination Offer THE SANTA ANA REGISTER FOR SIX MONTHS

and your choice of any of the magazine combinations listed below.

—Mark X in square indicating your choice—

# THE TINYMITES

STORY BY HAL COCHRAN—ILLUSTRATED BY KING

"The elephants all seem so small, I don't see how they pull at all," said Copy. "Let me drive them. That will be a lot of fun."

"I'll hold the little reins real tight and everything will be all right. I'm sure that I will manage them, even though they start to run."

"Gee lad, I frankly will be very glad to have you do the driving. I get tired of doing it."

"The elephants will go real slow and you can hold them back, I know. I'm sorry that the cart is small and there's no place to sit."

Then Copy took the reins and cried, "Giddy up, before I tan your hide." The elephants began to move and Copy cried, "Hurray!"

"Just follow us, you Tinymites. We're going to see some more fine sights. We'll feed the monkeys peanuts. Then, perhaps, they'll want to play."

They hadn't traveled very far till Duncy shouted, "There they are! I see the little monkeys. They're as cute as they can be. And I'll just bet they're hungry, too. Gee, just imagine what they'll do to all the tasty peanuts. I hope they save some for me."

The monkeys then began to screech and one ran up so it could reach into the bag of peanuts. "Wait a minute," Duncy cried.

"See that big pole? Well, hop up there and you'll all get an equal share. We will not start to feed you till you're lined up side by side."

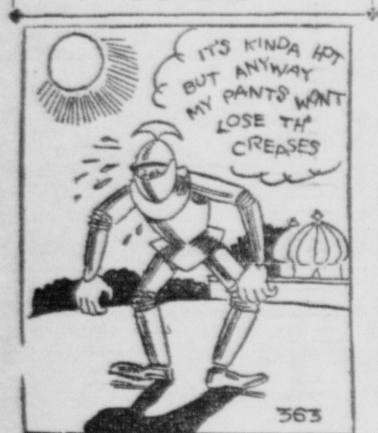

It seems the small beasts understood, because they all did as they should. And then the feeding started. It was funny as could be.

Each monkey'd crack the shells real quick and eat the nuts. My, it was slick. Soon little Duncy shouted, "Hey there, save a few for me."

(Copyright, 1932, NEA Service, Inc.)

(Duncy has a ride in a strange swing, in the next story.)

## BONERS

Rustum was dressed in ordinary armor with no creases at all.

BONERS are actual humorous tid-bits found in examination papers, essays etc., by teachers.

A very famous Romantic Movement was written by Shakespeare about the year 1600, called Romeo and Juliet.

A momentum is what you give a person when they are leaving.

In osmosis the thing inside gets out and the other comes in, generally by sweating.

A doctor uses a cynical thermometer.

Gasoline engines are a great advantage over steam engines, but

the drivers must be well lubricated always.

A boy who has fever shimmers.

# Late News From Orange County Communities

## Opening Program Held By Yorba Linda P.-T. A.

### ORGANIZATION HISTORY TOLD BY PRESIDENTS

YORBA LINDA, Sept. 21.—With more than 75 attending and with a program that was dedicated to the past presidents, and observing the founding of Yorba Linda Parent-Teacher association in 1912, the first meeting of the Yorba Linda association opened the season's schedule with marked success yesterday afternoon at the school house.

The new president, Mrs. A. J. Olsen, was in the chair and after routine business, during which reports of committee chairmen were heard, she turned the meeting over to Mrs. Mabel Paine, principal of the school, who presented the greetings of the association to past presidents, to former teachers, and members and guests of the organization, and was in charge of the program.

Miss Tinsley of the School of Fine Arts of Fullerton read "Old Fashioned Musicians" and Mrs. J. J. Carter read the history of the Parent-Teacher association of Yorba Linda. The honored guests, past presidents of the association, were called to the front, and for each year of service, a candle was lighted on a beautiful birthday cake. Each of those attending gave a short resume of interesting accomplishments during her term of office. Presidents have been Mrs. Donna Hollaway, Mrs. Brook and Mrs. Trueblood, Mrs. M. A. Quigley, Mrs. A. B. McDavid, Mrs. Thomas Hughes, Mrs. George Kinsman, Mrs. Ben Lupton, Mrs. George Kellogg, Mrs. Frank Day, Mrs. L. C. Janeway, Mrs. A. C. Pickering, Mrs. Ezra Stanley, Mrs. J. L. Albee and Mrs. C. H. Eichler.

Included in the announcements was the district meeting at Santa Ana September 22 and the opening of the parent education classes at Fullerton Union High school October 6, with Dr. Regina Westcott as instructor.

Committee reports showed the following women in charge of departments: Mrs. Elizabeth Worsley, hospitality; Mrs. Eichler, publicity; Mrs. J. W. Murray, program; Mrs. Fred Johnson, child study; Mrs. W. H. Bates, magazine; and Mrs. J. E. Strength, membership.

The executive board members served refreshments. They are Mrs. Olsen, Mrs. Bates, Mrs. Sidney Chapman, Mrs. McDavid, Mrs. Paine, Mrs. Eichler, Mrs. Carter, Mrs. Worsley, Mrs. Strength, Mrs. Ross Johnson, Mrs. Fred Johnson, Mrs. Herman White and Mrs. P. D. LeBrecht.

Committees for POST APPOINTED

LA HABRA, Sept. 21.—At a meeting of the American Legion Monday evening, E. M. Jackson newly elected commander, took charge. Kenneth Kessler is retiring commander.

L. E. Proud was appointed adjutant and committee chairmen were named, as follows: Auditing, E. N. Whittemore; emergency, J. T. Frazier; membership, A. J. Cookerly; finance, L. H. Brewer; resolutions, E. R. Berry; entertainment, E. C. Klusman; Americanization, S. L. Treff; Boy Scouts, L. H. Brewer; house committee, L. Vandenberg.

A letter from the Fullerton Legion post was read, asking the La Habra group to organize a marching unit to take part in the Armistice day parade, which will be held in Fullerton this year. H. H. Peabody was named chairman of this committee.

E. C. Klusman, chairman of the entertainment committee, was asked to co-operate with the Women's Improvement club in planning a dance for October, and E. N. Whittemore was named chairman of the annual Halloween committee.

A. J. Cookerly was appointed a delegate to the Orange County Council.

OBSERVE BIRTHDAY OF KENNETH HALL

GARDEN GROVE, Sept. 21.—Mrs. C. G. Hall entertained with a party at her home on Seventh street Monday afternoon in honor of her son, Kenneth, on his eighth birthday anniversary.

The guests included his schoolmates in the third grade. Games were enjoyed after which the group was seated at a long table in the garden. The table was centered with a white birthday cake decorated with eight pink candles. The pink and white color scheme was carried out in the individual cakes, ice cream and candies. The hostess was assisted in serving by Mrs. Wilbur Harper.

Those present were Freddie Schreff, Leland Harper, Billy Dales, Lee Stacks, Lester Fritch, James Hansen, Jack Jordan, Bill Smith, Leon Perkins, Gerald Wasson and Kenneth Hall.

### Program Is Planned By Brea C. of C.

BREA, Sept. 21.—Ray Roberts, chairman of the program and entertainment committee for the community meeting of the chamber of commerce September 23, is busy with arrangements.

From 6:30 to 7:30 o'clock a pot luck dinner will be served at the city park in the rear of the American Legion hall, each family bringing dinner and table service. Coffee will be served by the chamber.

After dinner there will be a program in Legion hall, consisting of community singing, duets and solos under the direction of Principal C. O. Harvey of Brea-Olinda Union High school.

The main feature of the evening will be a picture entitled "The Wilds of the Western Part of China," with a descriptive talk by Prof. A. C. Terrill, of Fullerton Junior college, who made the picture while working as an engineer in China. Professor Terrill lived in China for 10 years.

### NEW SECRETARY APPOINTED FOR PLACENTIA C. C.

PLACENTIA, Sept. 21.—S. H. Strathman, of Fullerton, was chosen secretary of Placentia Chamber of Commerce yesterday afternoon at the close of a special session of directors. He is replacing T. E. Placencia, who resigned, and is to put in full time service after November 1. At present Strathman is employed by the California Spray Chemical company and has been manager of the Automobile club and an insurance agent. Before assuming his duties the new secretary will move to Placentia from Fullerton.

R. M. Seamans of the Auto Club of Southern California of Fullerton explained the efforts of the club, in conjunction with the Northern California club, to get through a comprehensive program for equal distribution in road building and maintenance of the tax from gasoline, motor vehicle licenses and commercial licenses, and said the program as outlined and which will be followed if the legislative measures providing for the carrying out of the program are passed, is to place an equal number of county and city roads in a secondary system, equally distributing them in Southern and Northern California. He urged consideration of the measure and a recommendation by the chamber.

This measure is, in a way, a means to keep the gas tax fund in the road fund, and to prevent its being transferred in part to the state general fund, he said.

Le Roy Lyon, who is chairman of the tax committee of the Orange County Farm bureau, commended the club on action on this proposed legislation and pronounced it an attempt of the club to harmonize the system and to get to the bottom of the problem. The recommendation of Seamans was placed with the legislative committee by President A. S. Bradford.

Ralph McFadden called attention to the placing of a "stop" sign on Melrose against the south side of Crocker Avenue and suggested the legislative measures should be passed out among the members for study and report at general meetings before the fall election.

Lyon called attention to the need of a stop sign against North street at the end of Dowling road.

### O. E. S. PARTY SET FOR END OF MONTH

LAGUNA BEACH, Sept. 21.—What is expected to surpass its two previous annual events of similar nature is the 1932 card party of Laguna Beach chapter No. 521, Order of Eastern Star, set for September 28 at Masonic hall. This year it is expected that the high standard of previous card parties will be equalled if not surpassed. The general public is invited to attend.

The chapter gives but one large card party each year, the date being in advance of the session of the grand chapter. This year the grand chapter meets in San Francisco, Worthy Matron Pearl Wooster and Associate Matron Marie Thurston of this chapter to attend. The card party set for September 28 is virtually the final social event of the year for the chapter, as its election of officers and preparations for installation will be the chief activities until the beginning of the succeeding year, probably December.

### 4-H Club Boys Awarded Prizes

YORBA LINDA, Sept. 21.—The Boys' 4-H club won sixth place in the junior fair at the Los Angeles county fair at Pomona on an exhibit of vegetables grown by members and Warren Shaw won several awards.

### PRESBYTERIAN GROUP MEETS AT MAR CASA

NEWPORT BEACH, Sept. 21.—Sixteen Presbyterian ministers and their wives and other Presbyterians church officials and workers representing the cities of Pasadena, Ventura, Long Beach, Fullerton, Santa Ana, Santa Barbara, Coronado, Los Angeles, Beverly Hills, and Highland Park, spent yesterday at Mar Casa, the summer camp of the First Presbyterian church of Pasadena, on Balboa island, enjoying a turkey dinner while there.

The purpose of the meeting was a general get-together fellowship. The Rev. Josiah Sibley, pastor of the Westminster Presbyterian church, Pasadena, read a message to the body.

Those present were Dr. and Mrs. Graham Hunter, of Fullerton; Dr. and Mrs. John Kieve, of Long Beach; Rev. and Mrs. O. Scott McFarland, of Santa Ana; Dr. and Mrs. Robert McLean, of Santa Barbara; Dr. and Mrs. William Middlemear, of Ventura; Rev. Glenn Moore, pastor student at U. C. L. A. and Mrs. Moore; Dr. Hudson Ballard, professor of religion at Occidental college, and Mrs. Ballard; Rev. and Mrs. Earle Cochran of Highland Park; Dr. Donaldson, of Beverly Hills; Dr. Newell, of Los Angeles; Rev. and Mrs. Nottley Hammack, of Coronado; Rev. and Mrs. Thomas Holden, of Los Angeles; James H. Shearer, organist of the First Presbyterian church of Pasadena; and Miss Blanche Wachob, director of religious education, of the same church; Rev. Josiah Sibley, Rev. H. Livingstone, Rev. James Leishman, and Rev. Robert Freeman, and their wives, all of Pasadena, and others.

Mar Casa will be visited this week end by the women of the sponsoring church, closing next Sunday with an elaborate banquet and social time; being opened through the winter months only at the week ends. Mrs. Foote has been housekeeper and general manager of the camp through the summer season.

### REPORTS REVEAL GROWTH OF CHURCH

LA HABRA, Sept. 21.—With Dr. J. A. Glessinger, San Diego district superintendent of Methodist churches, conducting the meeting the First Methodist church of La Habra held its first quarterly conference meeting Monday evening.

The main business of the church meeting was that of additional classrooms for the Sunday school which has grown to such an extent that additional classes must be formed to accommodate the various ages attending. At the close of the discussion, it was voted that the trustees co-operate with the building committee in working out plans for this additional room.

Reports of the various committees were given by the chairman as follows: Auditing, H. A. Robinson; membership, the Rev. H. O. Simmons, who reported a total membership of 310 members, including 23 new members; treasurer, M. J. Pickering; Woman's Aid, Miss Grace Fleming, who stated that the membership is now 53; Sunday school department, I. E. Weide, reported 45 new members in attendance; brotherhood, J. A. Scott, who announced the meeting next Tuesday evening; Missionary societies, foreign and home, Mrs. H. A. Randall.

Refreshments were served by the social committee, Mrs. Albert Sparks, president, occupied the chair.

The seventh grade room was awarded the first prize for having had the largest attendance of friends at the meeting. Mrs. Nettie G. Bryan is teacher of this grade.

### Calvary Church Society Elects

PLACENTIA, Sept. 21.—At a reorganization meeting of the Junior Christian Endeavor of Calvary church, directed by Miss Edith McNutt and Miss Pearl Platt, new officers were elected. Howard McClintock of Whittier, is president; Wendell Armstrong, vice president; Eddie Armstrong, secretary; and Bobby Washburn, song leader. Bobby Washburn is pianist, with Lucille and Emily Jane Beard as monitors.

Time of meetings are changed from 6:30 to 8:15 p. m. each Sunday, and the programs will include memory work, song service and a question box, and each program will close with stories and slides to illustrate them. Services will close at 7:30 p. m.

### Coming Events

TONIGHT

Laguna Beach city council; city hall; 7:30 o'clock.

THURSDAY  
La Habra Kiwanis club; Masonic hall; noon.  
Fullerton Baby clinic; Health center; 10 a. m.

Buena Park Love and Service class; Congregational church; 2:30 p. m.

### FULLERTON COUNCIL SEEKS WELFARE FUND FROM COUNTY; RADIO EQUIPMENT FOR CARS

FULLERTON, Sept. 21.—Councilmen of the city of Fullerton are trying to get assistance from the county on welfare work, in consideration of the fact that a 15-cent tax was levied for relief work, payable to the county fund. The attempt is to be made by letter next week and Friday by the welfare committee of Fullerton council in trying to get an order for the purchase of tin cans for the Fullerton Workers' Legion to use in preserving vegetables.

Councilmen took action last night, after due consideration, and after a request had been made by Frank Cagle, president of the Fullerton Workers' Legion, for funds for the containers. Councilmen declared that they were cognizant of the needs of the legion, but insisted they felt the county funds should cover such expenditures, in view of the fact that a levy of 15 cents had been made on tax payers for welfare work, to be administered through the county.

Cagle said the workers want to put several thousand cans of tomatoes and corn in storage for the winter, and are handicapped because of lack of cans. He said the county department had not considered his request to supply the funds for the cans. They want to can tomatoes beginning Friday morning.

Another request for county assistance came through Chief of Police J. M. Pearson, who asked that the county provide funds for feeding county and state prisoners the department is required to hold at the local station on occasions. Councilmen realized that the city pays for the board for its prisoners at Santa Ana and expressed individually the opinion that such consideration should be reciprocated by the county department.

Permission was granted the Fullerton American Legion post to have a parade on Armistice day, when the post will be host to the county at a county wide celebration of the close of the World war.

Councilman Annin was present for the first time in many months at the session last night. He has been ill for some time.

### PASTOR TALKS AT SESSION OF BEACH P.-T. A.

NEWPORT BEACH, Sept. 21.—With 55 people in attendance, the first meeting of the Newport Beach P.-T. A. was held in the kindergarten room of the school yesterday, with Dr. George Warner, pastor of Santa Ana First Methodist church, giving the main talk of the day, speaking on the theme, "Perfected Means But Not Perfect Ends." Making the application especially to the bringing up of children.

Dr. Warner contended that the public's physical equipment, schools, playgrounds, museums, libraries, and such kindred things are well enough equipped, no pains or money being spared especially in the building and equipment of public or private schools. Most homes send much toward the advancement of the children's education and most churches invest much in the way of social halls, gymnasiums and playgrounds, but much seems to be lacking in the finished product, the young man and the young woman, in too many cases. The challenge is squarely up to the school and the teacher, he said.

At the business session it was voted to have the refreshments and the fellowship period preceding the program instead of following it as has been the custom in the past. Miss Juanita Lugo rendered a piano solo immediately following the business meeting.

Prof. H. O. Ensign, principal of the school, gave an explanation of the proposed change in the school tax laws, and led in the discussion of the same. It was unanimously conceded by those present that the change would be worthy of trial.

Refreshments were served by the social committee, Mrs. Albert Sparks, president, occupied the chair.

The seventh grade room was awarded the first prize for having had the largest attendance of friends at the meeting. Mrs. Nettie G. Bryan is teacher of this grade.

### P.-T. A. TO HELP NEEDY CHILDREN

HUNTINGTON BEACH, Sept. 21.—Decision to assist needy school children of the district was reached at a meeting of the executive board of the Huntington Beach P.-T. A. at the school Monday afternoon.

Mrs. C. Jones was appointed to co-operate with teachers in an effort to supply the necessities for needy pupils.

It was decided to hold the regular association meetings in the evening and the third Monday was designated. The executive board will meet on the second Monday of the month.

Those present were Mrs. Armand Heil, president; Mrs. J. H. Macklin, vice-president; Mrs. Ruth Meissen, treasurer; Mrs. W. D. Cady, auditor; Mrs. Wellington De La Vergne, publicity chairman; Mrs. Henry Ford, parliamentarian; Mrs. Mildred Ridenour, Mrs. William Kettler, Mrs. Gail Bergey and Mrs. C. O. Graham, P.-T. A. chairmen; John Pryor, president of the student body; Willis Warner, president of the school board; C. G. Jones, superintendent of schools, and Miss Martha Trafford, Lloyd Hamer, Miss Ruth Harlow and Fred Brooks.

### INSTALLATION CONDUCTED BY POST AT MESA

COSTA MESA, Sept. 21.—District Commander Herb Grey and his installation team installed the new officers of Costa Mesa post No. 455 at its regular meeting Monday night before a large audience of visiting members. Among the guests present were Glen Young, commander, Orange County council; Charles Lymer, adjutant county council; Dick Tubbs, commander, Tustin post; Frank Cox, past commander, Newport Harbor post.

Commander John Wilcox stated that it would be his ambition to as ably perform the duties of his office as was accomplished by Past Commander R. R. Jones. The post tendered a rising vote of appreciation to Past Commander Jones for his work in bringing into existence an organization functioning in an efficient manner in so short a period.

Mrs. Smith, president of the 21st district auxiliary, made a brief talk on the work of formation of the auxiliary to the Costa Mesa post, now under way.

Committee reports on preparations for the historic event scheduled to take place at post headquarters on the Derby ranch, October 9 were made.

L. C. Slothower, chairman of the fiesta committee, reported that this event promises to become a great review of spectacular and romantic features portraying his- torical progress of Southern California during the demarkation period from fiesta to frontier. Teams and equipment under the supervision of Frank Vaughn, caretaker, are preparing the parade ground, which has already been twice enlarged to provide for the growing number of feature spectacles, and which will be sown to barley and watered so the ground will be green for the event. Provision is being made to feed the 500 head of horses, mules and oxen which it is anticipated will be required to draw the covered wagons, coaches and exhibits through the parade which will approximate a mile in length.

William Alvord, chairman of the grounds committee, stated that a map was being prepared showing space and position allotted to each concession so that a uniform and adequate setting could be provided. Emmett Allen, chairman of the concessions committee, reported that the concession for the barbecue and other food had been let.

The Unemployed Association of Costa Mesa is preparing an old time shooting range with prizes of live stock, poultry, etc., and will also have the pop corn and peanut concession. Joseph Payne, chairman of the costumes committee, urged all members to reserve their costumes promptly as these are becoming scarce and will shortly be available upon special order only.

A letter was read from the Armistice day parade committee inviting the post to participate in the Armistice parade. It was moved that the adjutant advise the parade committee of the full cooperation of this post in that event as soon as the pressing matters of the Fiesta del Oro can be attended to.

### FIRST SESSION CONDUCTED BY BREA P.-T. A.

BREA, Sept. 21.—Members and friends of the Brea Parent-Teacher association were welcomed Tuesday afternoon to the Laurel school by Mrs. Frank Bickel, new president of the organization.

Mrs. J. Wesley Runyan led the devotionals. Miss Ruby Thorpe was at the piano and Miss Margaret Davis led the Parent-Teacher song.

The president called attention to the Red cross gift of cloth soon to be received for the pupils and stated that the home economics room at the grammar school had been placed at their disposal for cutting the garments. Mrs. Eliza Bush, cafeteria chairman, and Mrs. Marie Tiffin, manager, were introduced.

Mrs. Marie McIntire reported grade mothers secured as follows: Modestas, Kenneth Sutcliffe, Joe Wade, Ralph Peterkin, Frank Wharton, Ira Millar, Eleanor Weaver, John Blystone and S. E. Tremaine.

A total of \$129.70 was reported in the treasury. Supt. William Fanning introduced the new Laurel school teacher, Miss Dorothy Woolrich, who in turn introduced the teachers, as follows: Misses Doris Wood, Elinor Elder, Margaret Davis, Dorothy Boyce Willomae Adams, Mary Wharton, Henrietta Gillespie, Catherine Yates, Agnes Tozier and Ruby Thorpe.

Vincent Jaster, principal of the grammar school, introduced his group of teachers, as follows: Karl Kroletad, Miss Jean Paulson, Miss Marie Ward, William Schuchter, Miss Cecile Templeman, Miss Ruby Thorpe, Miss Agnes Tozier, Miss Ethel Eastham, Miss Katherine Yates and Willamal Adams.

The Rev. Mr. Runyan was asked to speak and responded briefly. A social hour and refreshments closed the afternoon.

Helen Crowther, R. Kennedy to Wed

BUENA PARK, Sept. 21.—Mr. and Mrs. Harry Crowther announce the engagement of their daughter, Helen, to Roy Kenneth Kennedy, son of Mrs. Mary Danner. The wedding date will be announced later.

While seeking the proper person in the court house, he stumbles into the judge's office. He is surprised to find his old acquaintance whom he knew as a license commissioner back in the days when America had legalized saloons and when O'Neil ran one of the most notorious.

EXPECT CROWD FOR DEBATE IN MESA CHURCH

"Wet vs. Dry," a combination dialogue, debate and drama, will be presented by Hall and Summers at the Costa Mesa Community church Friday evening at 7:30 o'clock.

"Wet vs. Dry" has attracted favorable notices throughout the country, it was stated today, and a large crowd is expected to be present. The play is presented under the auspices of the Loyal Workers' class working with the W. C. T. U.

The program takes place in a judge's office. Tom O'Neil, a big league bootlegger, is anxious to be the first man to obtain a permit to operate a licensed drink emporium when the country goes wet. He is willing to deposit \$1000 with the proper officer but is a bit hazy about who has the authority to accept the license money.

While seeking the proper person in the court house, he stumbles into the judge's office. He is surprised to find his old acquaintance whom he knew as a license commissioner back in the days when America had legalized saloons and when O'Neil ran one of the most notorious.

## Part Of The Register's Platform

1. FOR THE IMPARTIAL AND RIGID ENFORCEMENT OF LAW.
2. FOR SOME FORM OF FEDERAL RELIEF OF THE UNEMPLOYED, EITHER BY APPROPRIATIONS FOR PUBLIC WORKS OR UNEMPLOYMENT INSURANCE.
3. FOR REDUCTION IN GOVERNMENTAL EXPENDITURES, CITY, COUNTY, STATE AND NATION.
4. AGAINST THE FEW USING THE TREASURY OF THE GOVERNMENT TO ENRICH THEMSELVES, AT THE EXPENSE OF THE REST OF THE TAXPAYERS.
5. AGAINST "MACHINE" POLITICS, OR THE ELECTION OF CANDIDATES FOR ANY OFFICE, WHO CARRY ON THE PUBLIC WORK IN SECRET, AND THUS HELP THE PRIVILEGED FEW AT THE EXPENSE OF THE REST OF THE PEOPLE.
6. OPPOSED TO THE GIVING OF TAXPAYERS' FUNDS TO PRIVATE ORGANIZATIONS, THIS WE WOULD MAINTAIN AT LEAST UNTIL WE HAVE MORE MONEY IN OUR GOVERNMENT TREASURY THAN WE CAN INTELLIGENTLY USE DIRECTLY FOR GOVERNMENTAL FUNCTIONS.
7. OPPOSED TO ANY LUXURIES BEING PURCHASED OUT OF TAXPAYERS' FUNDS, AS LONG AS THOUSANDS OF PEOPLE ARE LANGUISHING FOR THE NECESSITIES OF LIFE.
8. IN FAVOR OF IMMEDIATE LEGAL PROTEST AGAINST THE SPREADING OF ORANGE COUNTY'S WATER IN RIVERSIDE AND SAN BERNARDINO COUNTIES.

## UP-STATE NEW YORK GOES "DRY"

The reports came in today that the dry forces of up-state New York swept their candidates to victory for nearly all the offices in the Republican primary yesterday. Dry candidates came out declaring themselves against the plank on liquor in their own party and won in every contest, so the reports give, except in the fortieth district where a wet won in a three-cornered fight.

This is in harmony with the vote in Kansas where all the dry candidates won and both the Republican and Democratic party convention inserted dry planks in their platform.

Among those who have won out was Frederick M. Davenport who has been a dry leader for years who defeated a repealer in the thirty-third district of the state.

As these returns, and others of similar nature, are coming from all sections of the country, we wonder if there is any consolation that Secretary of the Treasury Mills, who was defeated as a candidate for governor on a wet ticket in New York, can get out of the fact that the party is in the mess it is on the liquor question, due largely to his advice.

A Hollywood movie star brags that she once remained in a hot bath for 24 hours. Must have been preparing for one of those hard-boiled parts.

## CLAIMING CREDIT ALSO ENTAILS RESPONSIBILITY

President Hoover is coming to Iowa to deliver an address on October fourth. This is Mr. Hoover's native state. It is in the very heart of discontent and trouble. It is a brave act and if there is any place where his words will be listened to with deepest interest it is in the middle west. It is a great deal easier to explain how one would do it if one were in office than to make a defense of how one attempted to do it under present conditions.

We would emphasize again and again that such calamities as that through which we are passing are not due to politics, at least either of the Republican or the Democratic brand. But we are constantly being reminded that in prosperity the party in power takes the credit for it. There could be hardly greater foolishness exhibited than insisting on either one of these two things. Our prosperity was no more due to a particular brand of politics than has been the depression due to that brand. The politicians' slogan of "claim everything with confidence" sometimes backfires.

What does this country stand for, a speaker asks. Well, after what we've been through, we'd say that it would stand for most anything.

## COLONEL McCORMICK ON THE TAX BURDEN

At French Lick, Colonel Robert R. McCormick of Chicago gave some pertinent facts on taxation in his address which are well worth repeating. He said in part:

The evil talk of tax strikes is heard throughout the land, but far more serious than strikes is the growing inability of taxpayers to pay," McCormick asserted.

Strike or no strike, it is absolutely impossible to pay the taxes assessed. Owners of buildings are tearing them down because the taxes are more than the receipts. Owners of unimproved property are unable to pay their taxes and tax buyers cannot be found to evict them.

Ever since the war the government has been living on and living off income taxes and taxes that it called "income" taxes. Where the taxes were levied on profit in the purchase and sale of a fixed article, such as a piece of real estate, or act of representing the ownership of a company owning real estate, improved or unimproved, a railroad or a factory, the tax is not on income, but is a capital levy. This fact is recognized in the new tax law under which losses in the re-sale of such property may not be deducted.

Obviously, by the continuation of the principle of taxes, exacting tribute on values as they rise and conceding nothing when they decline, sooner or later the government will have extorted the entire value of all property.

## INVISIBLE POWER

We note that some peas taken from the tomb of King Tut which had been buried for some thirty centuries were planted by a Danish professor who "captured" them and have yielded a crop. We are reminded of a statement by William Jennings Bryan, when he said:

In Cairo I secured a few grains of wheat that had slumbered for more than thirty centuries in an Egyptian tomb. As I looked at them this thought came into my mind: If one of these grains had been planted on the banks of the Nile the year after it grew and all of its living lineal descendants had been planted and re-planted from that time until now its progeny would today be sufficiently numerous to feed the teeming millions of the world. An unbroken chain of life connects the earliest grains of wheat with the grains we sow and reap. There is in the grain of wheat an invisible something which has power to discard the body we see and from the earth and air fashion a new body so much like the old one that we cannot tell the one from the other. If this invisible germ of life in a grain of wheat can thus pass unimpeded through three thousand resurrections I shall not doubt that my soul has power to clothe itself with a body suited to its new existence when this earthly frame has crumbled in the dusk.

## LaFOLLETTE DEFEATED

The LaFollettes seem to have lost out in Wisconsin. Evidently there is too much depression. It has reached the point where the discouraged group, instead of stopping at the Progressive end of the Republican party in Wisconsin went right by them and tossed in their fortunes with the Democrats. In ordinary years they would vote Progressive Republican but this year it seems to be with them "whole hog or none." Well, the LaFollettes have enjoyed the experience of having the support of the Democrats in putting things over both in the primary and the election for thirty-two years. The Democrats think it is time to reciprocate. LaFollette and Blaine certainly ought to see a little humor in the situation in spite of the twister.

## EXECUTIONER A SUICIDE

A noted executioner of England after having put to death many people under the direction of law has just committed suicide, after the second attempt. He was ostracized from human-kind, spent his days in brooding and unquestionably lost his mental balance. But why, if the death penalty is right and in the interest of society and for the protection of all that is good and noble, should not the one who is called upon to execute the law be an honored and acceptable member of society and be the welcome guest at our table?

Some way or other it is not so. There is a repulsion that comes against the one whose main duties are that of the executioner and it rather belies the argument which society sets up for the death penalty.

## Studying the Gorilla

New York Times

Two 7-year-old gorillas, Moira and Mok, that became the guests of the London Zoo recently, are already so popular that The London Morning Post says of them: "Let us attend their daily receptions, try to learn their 'little language,' and make them feel those cousins a million years removed, that we appreciate their freedom from the burden of multiple complexes which is called modern civilization." The donor was a member of the government of the French Congo, who brought them up and regulated their behavior. It follows that Moira, the lady, and Mok, her lord and master, are accustomed to human beings and quickly make friends with them. This remarkable pair skylark all day long when they are not at their meals or observing human beings. In high spirits they romp, wrestle and play hide-and-seek. They are chummy with the keeper, acknowledge introduction to visitors with unfailing good humor.

It is now many years since Paul Du Chailu killed his first gorilla and told the world how ferocious and formidable he was. In actual fact, the gorilla is shy of man and goes its way on all-fours if it is not pursued. Much of the information we have of the gorilla today was contributed by Carl Akeley and J. M. Derscheid, who made its acquaintance and sympathetically studied it in the Kivu country of the Belgian Congo, where the Parc National Albert has been established as a sanctuary for wild animals. It might be said that Carl Akeley gave up his life in their service, for it was while helping to delimit the park that he contracted a fever and died. Derscheid has probably been more times in contact with gorillas than any other naturalist. For several months he camped in the triangle Mikeno-Bishoke-Karimbi to make a census of the gorillas inhabiting it. Only once did a gorilla, in defense of its young, charge him. When a shot clipped its shoulder it turned around and lumbered off. Both Akeley and Derscheid corrected a good deal of misinformation about the gorillas. It was their judgment that the great apes would never molest man, even in their retreats, if he did not intrude on their families or try to take their lives.

## Youth Takes Charge of the Rebuilding of Spain

The Riverside Enterprise

Now Spain is going to adopt a national plan, after the fashion of the famous Russian plan, but intended for ten years. Five years, it is realized, is too short for such an ambitious undertaking. There is a curious contrast here. Russia is a young nation, scarcely laying the groundwork for its mature life. Spain is an old nation, generally regarded as decadent, plotting new youth. The youthfulness of the movement is the most remarkable thing about it.

The mapping of this ambitious plan is entrusted to 15 men ranging from 25 to 32 years of age. They include lawyers, professors, engineers and business men. Hardly any of them would be called politicians, or have borne any important part in public life. They were selected less because of their experience and special competence than because they were considered good representatives of "the young, vigorous, aggressive generation" in whose hands the future lies. That generation will be invited to make its own future.

Here is such opportunity as youth has been dreaming. The world will be interested in seeing what use is made of it.

## Trying To Figure Out The German Situation

## More Truth Than Poetry

By James J. Montague

## USELESS INFORMATION

Astronomers, night after night,  
Observe with eager eyes  
Erratic comets in their flight  
Through far uncharted skies.  
And grow excited when they view  
An orb whose mad career  
Perhaps may shortly cleave in two  
Our own terrestrial sphere.

A demon from uncharted space  
Of vast, unmeasured girth,  
Could, with one single swipe, efface  
This pleasant little earth.  
We'd feel a staggering jolt, we'd see  
A blazing, blinding flash,  
And then what was a world would be  
A cloud of drifting ash.

But should these dour observers shout  
Excitedly today  
To all the listening earth, "Look out!  
A comet's on the way!"  
What could we do? Where could we go?  
We only could remain  
And take the cataclysmic blow  
That tore our world in twain.

The scientist I venerate  
Who daily is employed  
Who daily is employed  
In warning us of any fate  
Which caution may avoid.  
But I can only view askance  
These watchers of the skies.  
If bliss is found in ignorance  
'Tis folly to be wise.

## IT WON'T BE LONG NOW!

Presently we'll all be saying: "Hello, Prosperity, ol' top,  
where ya been keepin' yourself?"

OH! BOY! WHATT A GAME!  
Some day we hope to see a football match that is as exciting  
as the radio announcer say it is.  
(Copyright, 1932, by The Bell Syndicate, Inc.)

## PARAGRAPHS

By Robert Quillen

The first free-wheeling device, however, was a thumb. Mussolini won't tolerate movies that make Italians ridiculous. He doesn't like competition. The G. O. P. ticket may be a good scheme, at that. A tail is harder to wag when it's wet. People who blame Hoover for not preventing their follies are at least giving Providence a rest. The depression won't be officially ended, however, until Roger Babson says: "I told you so."

## WOMEN SELDOM CARE FOR MYSTERIES. BUT MEN EVEN MARRY THE THINGS.

Love makes the world go round. That is, it must go around if it wishes to beat ten miles an hour. Florida's stock law is convenient for the tourist driving at night. He can tell he has hit the state line when he hits a cow. "Don't sell America short" is a good slogan. But cotton men like it better if you add the word "dresses."

## AMERICANISM: Feeling superior because of our time-saving devices; wishing we could find some way to kill time.

Civilization has about hit bottom when even the ardent partisan moans "Aw, I wish he wouldn't say such fool things." A motherly woman always kisses infants on the back of the neck. She knows that is the spot most likely to be clean. We often wonder whether our unsanitary ancestors were really more hardy or the germs just puny.

## THE SWELL HOTELS MAY BE JUST AS SWELL IN THESE TIMES, BUT THE CLERK'S HEAD DOESN'T SEEM SO MUCH THAT WAY.

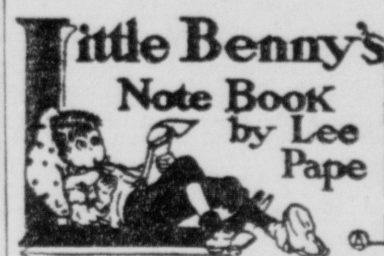

An evangelist estimates that it costs \$500 to save each individual. Maybe Uncle Sam got a bargain, after all, when he saved Europe.

Allowance: The \$75 a man gives his wife each month so he will have some place to borrow small change. The way to get the Red out of men is to get them out of the red.

The war dragged on hopelessly, too, after the men dug in and waited for somebody to start something.

CORRECT THIS SENTENCE: "I JUST LET HER BRAG ABOUT HER TRIP TO EUROPE," SAID THE WOMAN, "AND DIDN'T MENTION THE FIVE TRIPS I'VE MADE."

(Copyright, 1932, Publishers' Syndicate)

Pop still looks unnatural on account of having his mustash off, and today I wrote a poem about it, being:

Pop's Mustash  
1  
The barber shaved off my father's mustash,  
The middle, the ends and the rim,  
And when he came home without it on,  
I didn't bleeve it was him.

2  
The rest of his face looked hopeful  
As he waited for the effect,  
He thawt he would hear admiration  
But alas his ambitions were reeked.

3  
There's a vacant bare place under  
That I never saw before,  
And to give my honest opinion  
It wasn't worth waiting for.

4  
He's always feeling the empty spot  
As if he thawt it would suddenly grow,  
And we'll never find out why he did it  
Because he himself dont even know.

5  
O it was only a small size mustash  
That hardly took up any space,  
Which makes it still more of a  
mystery.  
How it left such a big empty place.

## In the Long Ago

14 Years Ago To-day  
From The Register Files

September 21, 1918

The Republican County Central committee was functioning under its newly elected officers, R. Y. Williams, chairman; Joe C. D. Ball, vice chairman; Joe C. Burke, secretary; Dr. R. A. Cushman, treasurer. Completing the executive committee were R. E. Larter, Westminister; H. H. Hale, Placentia; E. N. Cook, Anaheim; Dr. J. D. Thomas, Olive, and R. B. Cook, San Juan Capistrano.

City Trustee Maryatt proposed at a meeting of the city council, to provide free camping grounds for automobile tourists passing through the city. He had found that the city owned three acres on the bank of Santiago creek at the Flower street crossing, and advocated the use of this tract. He was authorized to decide upon improvements to be made, and to get an estimate of the cost in readiness for the next meeting of the council.

Huntington Beach reported that more lima beans would be threshed in that section than ever before in the history of county agriculture. Experts had figured that the crop covered approximately 8000 acres with a yield to approximate 15 sacks to the acre. The opening price fixed by the Lima Bean Growers' association was 12 cents a pound.

## Five Good Roads To Riches

Day before yesterday I listed the sixteen major methods by which, according to Stuart Chase in his book called A New Deal, men seek to make money under our existing economic order.

Yesterday I presented and discussed Mr. Chase's boiling down of these sixteen ways into five basic platforms which I called five bad roads to riches.

Today I want to list and discuss five good roads to riches to which, in Mr. Chase's judgment, "no one in his senses can seriously object." These five good roads to riches are:

(1) The exercise of great artistic ability.

The reference here is to the exercise of great artistic ability in such fields as painting, sculpture, music, writing, architecture, and so on. The fly in the ointment here is, of course, that all too often even the greatest artistic ability in such fields misses the popular recognition that brings riches, while shoddy work sweeps the market.

(2) The exercise of great professional ability.

The reference here is to the exercise of great ability in such professions as medicine, engineering, the law, and so on.

(3) The invention of a socially useful product or process.

The inventor of the turbine, the airplane, the automobile, and so on, obviously merits whatever money he can make for his far reaching social service. The fly in the ointment here is that all too often it is not the inventor but some exploiter of the invention farther down the line who reaps the major profit.

(4) The making of a great scientific discovery.

No one would begrudge or consider anti-social even an extravagantly large income to the discoverer of the second law of thermodynamics or the principle of radioactivity.

(5) The skillful and humane management of a large industrial enterprise.

When business leadership recognizes in its policies and its procedures that business and industry are ventures in the making of a civilization as well as ventures in the making of cash returns, not even the disinherited masses are inclined to be critical.

The next great advance in western civilization hinges upon the increasing professionalization of the temper and technique of the leadership of business and industry.

## EARLY READING

It is a mistake, I think, to press books upon little children with the idea of teaching them to love reading. Unless the book has meaning for the child he cannot like it. Nobody likes what he does not understand. It is the things we do not understand that we dislike the most. I have seen little children who disliked the sight of books because they have been pressed to like them long before they could understand what they were all about.

Little children ought to have picture books. They are a delight to them, especially when the pictures are of familiar things. It is a good scheme to start with picture books of animals. Animals are close to the children. The dog first, then the horse, maybe the cat, then a rabbit, a pony, a sheep—those they know, ought to be in the first books. They ought to be so well drawn as the artist can make them. After these have been accepted we offer the wild animals that can be seen in the Zoo. From there we go to activities. The farm book, the machines, the ships, all come in succession and are welcomed. No reading is in sight. The children read the pictures.

While the children are learning to use the picture books we tell them stories beginning with Mother Goose and the simple fairy tales, avoiding fearful tales if the children are susceptible to fear. When the story has been told so often that the children know it, we can give them a book with the familiar tales in it, well printed, well illustrated. Then we help them read it by reading it aloud to them. They sit close and follow the page. We don't teach them to read. We let them absorb reading. By and by they will read.

Give the children a few books of selected quality. When you see that the book has no interest for the child put it away. Set the stage for the book by story telling. Don't urge the book upon the child. That is the surest way of killing his interest in it.

When you select a book for a little child try to get one that he would like. Grown-up people forget the distance between themselves and a little child. When they pick out a book they pick out one that they like. When the child doesn't like it he is thought to be rather dull, unappreciative of good things.

Many of the books adults like for children are books about children that were written by grown-ups about their own childhood. That appeals to other grown-ups whose childhood is far enough in the past to make it beautiful, mellow, an old master memory. The children do not understand the book. "Alice in Wonderland" is no book for a little child. It is a book for the intelligent and experienced child from twelve to seventeen.

Go slowly about the books you give the little ones. Save something for the time when they are old enough to read. Don't take the edge off a fine book like "Treasure Island" by giving it to a seven-year-old boy. Wait a little.

(Mr. Patri will give personal attention to inquiries from parents and school teachers on the care and development of children. Write him in care of this paper, enclosing stamped, addressed envelope for reply.)

Today is the World War Anniversary

Submarines' Toll

On September 21, 1918, the U. S. shipping board gave out the information that German submarines, during the period from August, 1914, to September, 1918, had taken toll of 7,157,088 tons of shipping in excess of the tonnage turned out in that period by the allied and neutral nations.

The rout of the Hindenburg line commenced, with British troops breaking through the line east of Eppehy and Hargicourt.

A vigorous protest against the Bolshevik reign of terror was issued by the American government. The United States also asked all neutral and allied governments to follow suit.

Time To Smile

NOTHING ELSE BUT

THE GIRL: Hello, Harold, what's up?

THE BOY: I've got a cold or something in my head.

THE GIRL: It's a cold—Table Talk, Melbourne.

WAITING FOR HER

WIFE: Oh, I'm so sleepy! Is everything shut up for the night?

HUSBAND: That depends on you. Everything else is—Answers

ONE OF THE MANY

"I heard that Grey was engaged in research work."

"What the dickens is he researching for?"

"Work."—Answers.
